Clerks Must Lengthen Dresses, Trim Hair

Miniskirts on the girls and shaggy hair on males are all right in their place, but their

place is not in offices of the courtrooms, according to Circuit Clerk Willard "Butch" Portell who has hinted miniskirted clerks should lengthen their dresses and long-haired males should go to the barber.

"I'm not opposed to looking at a pretty leg, but there's a limit and a place for everything." Portell has 45 full-time employees in court offices in Edwardsville, Granite City, Alton, East Alton and Wood River.

Portell sent a discreet letter to his office employees commenting that he hoped the girls could afford to buy proper attire for office work and that several male employees could afford to go to the barber.

MORE ABOUT Public Backs

SIU expenditures by the Illinois Board of Higher Education, there has been concern that the amounts might become a target for the previous subsidy prompted a call for a state legislative study.

Benefit to University

Although in a sense it involves a "deficit," the concert program offers full value to the university, which has the highly trained musicians on campus for six weeks, enabling them to work with both students and faculty members, it was asserted Tuesday night.

While pledges might not totally eliminate the cost to the university, they could greatly reduce the subsidy. Dr. Albert W. Trian, Granite City dentist and acting chairman of the citizen group, said.

Dr. Trian, who can be contacted at 1308 Nineteenth street, said he will attend Saturday's meeting to voice support of the River Festival.

The public outcry for its continuance developed in Illinois but it is now planned to accept Missouri's contributions as well, since the program is viewed as beneficial to the entire metropolitan area and mid-western region.

Telegrams Urged

Letters and telegrams from the public to the SIU board, whose chairman is Lindell W. Sturgis, are being encouraged. He resides at 212 East Third street, Metropolis, Ill.

Those conferring with Dr. Trian included Ernest A. Karandjeff, John Sobol, David Thebeau, Dr. Carl Riebschick, and representatives of area news

Benefit Dance Set Dec. 21st For Welly Family

Three employees of American Can Co., St. Louis, learning of the plight of the Welly children were deeply touched by the difficult task of rearing nine young grandchildren which faces Mrs. Lottie Lynn, 2013 Fourth street, Madison, and plan to raise money to help the family through a benefit dance on Sunday, Dec. 21.

The marathon event, to which all Quad-Cityans are invited, will take place in the VFW hall, 200 North 5th street, Dupu, Ill., starting at noon, Dec. 21 and continuing until late evening. Five or six bands already have volunteered their services to play at the benefit, the sponsors reported yesterday.

Gary Crader of East Alton, one of the three men organizing the dance, is acquainted with the oldest grandchild, Robert, 18, now working in St. Louis.

Crader said Wednesday that his co-workers, Jim Newton of Arnold, Mo., and Charles Carter of Dupu, have arranged for use of the hall and contacted various musical groups. Location of VFW Post 6368 hall is close to Route 3 Dupu, the East Alton man explained.

media and Peter Pastreich, symphony manager and River Festival managing director.

The group said it is convinced that the public strongly wishes the summer concert to continue, and that the River Festival's cultural impact and stimulus to regional growth and development are immense.

Remaining architectural work will not exceed \$7788 under terms of the firm's agreement with the board. The study has included feasibility of utilizing steel construction.

The consultant fees are to be \$20 hourly for either of the architects or Willard Given, consulting engineer; \$15 hourly for drafting and engineering drawings; and \$10 hourly for secretarial and office work.

The school board also named the Gabriel-Dulgeroff firm to consider provision of a special education addition to Lake grade school. The architects are to advise the school district whether they feel it could be built through conventional costs at a figure already determined as the probable cost of steel construction.

A detailed review of the Lake addition proposal by Tully A. Heubner, director of buildings and grounds, was presented to board members for study.

In other business, the board: Approved a leave of absence for Mrs. Roy (Myra) Carpenter, East St. Louis, a Stallings school second grade teacher.

Accepted the resignation of Miss Mary J. Gilbreath, 2069 Cleveland blvd., a Granite City high school English teacher, effective Jan. 30 if a replacement teacher is located.

U. S. SENATOR Ralph T. Smith (R-Alton) who is third from right, chats with Illinois delegates at the 50th annual meeting of American Farm Bureau Federation, including Wilbert Engelke of Granite City. More than 5000 farmers attended the event in Washington. Left to right—Larry Thorpe of Carlinville, Macoupin county; James G. Esarey, White Hall, Greene county; Engelke; Sen. Smith; Harold Gindler of Collinsville, Madison county; and William J. Kuhfess, president of Illinois Agricultural Association. Engelke is IAA board member representing district of Madison, Bond, Macoupin, Jersey, Greene and Calhoun counties.

Name Consultants For Gym Building At GCHS Campus

The Granite City school board on Monday night named Architects Henry Gabriel and Sylvester Dulgeroff as consultants on the proposed construction of a building on the Granite City high school campus to house physical education activities.

The firm was paid \$3681 for developing preliminary plans on several ways of arranging the structure, which is to include a track and basketball courts. It is intended to handle classes rather than events which would be attended by the public.

Remaining architectural work will not exceed \$7788 under terms of the firm's agreement with the board. The study has included feasibility of utilizing steel construction.

The consultant fees are to be \$20 hourly for either of the architects or Willard Given, consulting engineer; \$15 hourly for drafting and engineering drawings; and \$10 hourly for secretarial and office work.

The school board also named the Gabriel-Dulgeroff firm to consider provision of a special education addition to Lake grade school. Accepted a gift of a surplus

engine lathe from the St. Louis Mack Truck Division repair shop. It will be placed in the GCHS machine shop for instructional use.

Cancelled the Dec. 24 board meeting. Next regular session will be Jan. 12.

Authorized Uniwah Boy Scout district club leader roundtable meetings Jan. 13 and Feb. 10 at Lake school and Masquers plays Jan. 31, May 16 and a third date at the GCHS auditorium.

Authorized Eugene L. Alassi, art education consultant of the district and president of the Illinois Art Education Association, to attend the National Art Education Association meeting March 24-27 in Milwaukee.

Discussed Hiring Rules. Approved the addition of 21 names to the cafeteria substitute list, consisting of those who had applied between March 24, 1966, and Aug. 1, 1967.

Dr. E. W. Walton, board president, commented that if politics could be avoided, he would prefer consideration of additional factors along with the date of application, such as the experience and need for employment.

The proposal was referred to Board Members Carl Macdon, Donald Stucke and Harold Davis, who are studying the updating of board policies.

Approved purchase of "angel" equipment costing \$174 from Graham's Bookstore. It will be used as an additional winter outdoor activity in GCHS physical education classes, and will be evaluated as a possible intramural sport at the junior high and GCHS levels. The sport is described by Athletic Director Joe Fedora as "a mutation of football, basketball and soccer."

Authorized purchase of three additional GCHS cheerleader uniforms at a cost of \$106 from Jean Lee Originals. All 15 cheerleaders will wear identical sweater-skirt uniforms as a result of the purchase.

Approved an estimated \$50 modification to current GCHS

basketball-wrestling scoreboard renovation so that the scoreboard can be operated independently of each other, expanding wrestling tournaments.

Purchased a Pitney Bowes mailing machine costing \$274, plus \$8.50 monthly meter rental, for GCHS.

Authorized repair of athletic equipment by the Cohn Athletic Service Co. and All-American Co. at specified prices.

Designated Electric Lamp & Supply Co. to provide lighting supplies during 1970 at bid prices.

Allowed the School District Nine Credit Union to hold its annual meeting Jan. 13 at Prairie junior high school and the Granite City Mission of the Reorganized Church of Jesus Christ of Latter Day Saints to use the Central Junior high gymnasium for basketball practice Jan. 4 and Feb. 8 and 22.

Reviewed loss of athletic jumping equipment in a GCHS shed fire Dec. 6.

Made plans to attend a Southwestern Division, Illinois Association of School Boards, session last night in Belleville to plan the spring division conference.

Paid bills totaling \$58,456 in the education fund, \$9136 bond and interest fund, \$4031 new construction, \$488 federal programs, \$24,001 building fund, \$1073 special education fund, \$30,223 transportation, \$396 education fund travel allowances, \$56 building fund travel, \$16 federal program travel and \$48,676 cafeteria fund.

and \$3000 for one, on the basis of a felony charge.

But a few days later another magistrate considered the offenses to be misdemeanors and released six of the seven defendants on recognizance bonds. The other had already posted \$300 cash bail to obtain her release.

Hashish at \$300

The case involved the use of hashish, a narcotic which is a highly concentrated derivative of marijuana or hemp, which is smoked, chewed or drunk for its intoxicating effect. A pipe was used in the Venice case, and one authority said the small amount found would cost about \$300 on the St. Louis market.

The officers discussed among themselves the unwillingness of most parents of drug victims, school and hospital authorities, youngsters and adults to report conditions which they know exist.

A breakdown in the process of prosecution of violators was studied in the last several weeks by the Press-Record in a local case which was not discussed by the narcotics squad yesterday.

It involves six persons who were arrested in a narcotics raid on Feb. 5 in the 2100 block of Delmar avenue. Evidence obtained in the raid was transferred to the Illinois state laboratory. A report has yet to be returned, and without the report which could substantiate that the materials contained narcotics, the case cannot successfully be presented to the circuit court grand jury.

Public Criticisms

Criticisms among the public about lack of action in drug abuse was discussed briefly by some of the officers, and the press in general has been accused of shielding violators coming from prominent families.

Names cannot be disclosed or published unless formal charges are filed.

It was brought out at the meeting that a former Granite City girl, 19, who now resides in St. Louis, was arrested last week in a narcotics raid by St. Louis police on McPherson avenue in St. Louis. The St. Louis officers decline to disclose the charge.

One officer suggested that hospitals adopt a policy of reporting drug abuse or overdoses to police, as they do in cases of gun shot wounds.

He cited one example of an

RICH REACHES HIGH for two points. Rich Essington, SIU-SW sharpshooter, leaps high in the air under the basket during varsity competition. Essington, who starred for the Venice high school team, is leading the Cougar cagers with a 19-point game average.

Tourney Approaching For Cougar Cage Team

Southern Illinois University's Southwestern campus basketball team, off to its third season under Coach Harry Gallatin, will play in the annual McKendree College tournament Dec. 17-18 at Lebanon.

The three other teams entered at McKendree are Harris Teachers College of St. Louis, Northeastern Illinois of Chicago and the host school. While rankings haven't been announced, McKendree and SIU-SW are expected to be put in opposite brackets.

Going into their second week of play, the Cougars have shown flashes of offensive potential that, if their defensive tactics and ball-handling come along, could produce a winning season. Last year, SIU-SW posted a 7-10 record; it was 8-5 in its inaugural season of 1967-68.

During the 1968-69 campaign, SIU-SW and McKendree split pair of games, the Bearcats of Coach Harry Statham winning the first encounter 88-71 and Gallatin's charges capturing the second contest 80-78 on a dramatic last-second drive-in shot by Gary Collins, who has since graduated. At the time of the SIU-SW victory over McKendree, the Bearcats had won 12 of 13 games. It was probably the Cougars' finest hour during the 1968-69 season.

Improvement Traced
Harris Teachers won two of three games with SIU-SW last year. But the Cougars, showing terrific improvement late in the season, won the finale 75-60.

This year, statistics for the first three games tell the story of how SIU-SW is progressing. Leading all Cougar scorers is Rich Essington of Venice with a 19-points-per-game average. Essington was sidelined most of the final half of the contest with J. F. Kennedy College.

Just a shade behind, and closing fast, is Big Ron (6-6) Crites, a junior college transfer from Fredericktown, Mo., who has an 18.67 average.

Coming up strong is last year's top scorer, Alton's Bert Pitts, with 18 points per game. By far the best rebounder is Crites with 38 in the trio of games. Pitts is next with 25.

Coming through strongly from the Cougar bench are Fred Wilke and John Belk. Wilke, a graduate of Duquesne high in St. Louis, is a tough, hard-playing scrambler. He contributed 17 points in the Cougars' 83-59 victory over J. F. Kennedy.

Belk, a graduate of Fairview high, fights hard for the ball and can score from outside. Dennis Carroll, a St. Louisian who played at Rosary high, has won the fifth starter spot and poured in 15 much-needed points against JFK.

Trojans Outrun Dupo In Conference Opener

The Trojans' fast break and defensive press stifled the Tigers 85-57 at Dupo Tuesday in their Midwestern conference opener.

Guard John Ervin showed the effectiveness of the fast break by leading the MHS scoring with 22 points. Last week against a faster Cahokia team, Ervin scored only two points.

By quarters, Madison led 22-8, 48-29 and 69-46.

Others hooping points for the Trojans were: Tom Noel 16, Joe Dozier 14, Douglas Griggs 12, Charles Pogorelac 9, Oscar Hagler 8, Larry Boyd 6, Darryl

Fletcher 4, Henry Dobbins 2 and Chuck Dandridge 2.

Madison Coach Larry Graham relates: "Dupo was the first start for Griggs, who is a junior. He'll start against Triad and get a real 'hot water' test. "Try starting in one of the best teams around. All five of their starters can hit from the outside."

"They aren't taller than us, but two or three are very strong boys. We'll be pressing and trying to keep them off the boards."

The Trojans will visit Triad at 8 p.m. Friday for a Midwest conference game.

The Coolidge 9th grade cagers of Coach Richard Williams extended their season's record to 4-0 with a 43-37 win over the Madison freshmen Monday.

Coach Williams, viewing the victory string as a pleasant surprise, explains, "Probably our secret has been good rebounding. The team hustles on defense. And when we have been outscored from the field we make up for it from the free throw line."

Ted Vrenick and Mark Gaen have been the Braves' top rebounders and scorers. Both are relatively tall for junior high players, Vrenick 6-1 and Gaen 6-0.

The Braves, now 3-0 in the Madison county junior high conference, will play high school North of Collinsville at 4 p.m. today at the Coolidge gym. North has a 3-1 league mark.

Olympic Soccer Tryouts Saturday, Sunday at SIU-SW

The U. S. Soccer Olympic Committee will be conducting tryouts Saturday and Sunday at SIU-SW.

The best players from among 160 colleges in the central states will be competing for recognition and a chance to place on the U. S. Olympic team.

Conducting the trials are SIU-SW Coach Bob Guelker, Walter Erasing of Ohio State and Charles Matlack of Earlham College of Richmond, Ind.

A squad of college athletes will be chosen and will later compete with a squad of non-student amateurs from this region.

A team to represent the Midwest at the final U. S. tryouts will be picked from the two squads.

Combat Event Next Model Plane Topic

Guest speakers at the Dec. 19 meeting of the Tri-City Sky Stealers airplane modelers club will be John Wette and his son, John, discussing "The Combat Model and the Event," at the home of Frank Beatty, 2536 Pontoon road.

Both Wette sr. and jr. are known in the metropolitan area for their model flying ability and their capability for obtaining high performance from their flying equipment.

The Skystealers are planning on Feb. 15 a rubber-band-powered airplane contest.

Inter-City Session

The Southwestern Illinois Inter-City Baseball League will meet at 2 p.m. Sunday at the East Alton Community Building, Third and Haller streets, East Alton.

Pontiac, Other Yule Tournneys Dec. 29-31

Again this year, the Christmas holiday season will bring not only presents from Santa but a plentiful supply of high school basketball tournament play, mixing teams from many regions and giving a better picture of the relative caliber of their ability and experience.

When the Granite City cagers visit the Pontiac holiday tournament Dec. 29-31, the list of 16 teams will include two different schools from last year's lineup.

Dropped from the invitational meet are Normal Community high and Prospect. New to the list are Deerfield and Streator. The Warriors took fourth place last year, dumping Prospect 90-50 and LaSalle-Peru 88-75. Warrior defeats came from Rock Island Alton 71-58 and Chicago Heights Bloom 79-60.

GCHS has performed spectacularly at Pontiac in several different years.

These returning from the 1968 holiday encounter include the 1968 tourney champs, Alton and 1967 champs, Lockport Central; the host quintet; a n Bloom, De LaSalle, Champaign Centennial, Glenbard West of Glen Ellyn, LaSalle-Peru, Peoria Richwoods, Sterling, Providence St. Mel of Chicago, University high school of Normal and Waukegan high.

Centralia Has Strong Field

The 1969 Centralia holiday tournament Dec. 29, 30 and 31 should be the best ever. Heading the list of entries will be the teams that finished two and three in last year's state tournament, the Irish of Peoria and the Maroons of Champaign Central.

Backing up these two entries will be last year's Centralia tourney champ, Thornton of Harvey, with his star, Lloyd Batts, and the pre-season pick of many as the best team in the "south," the Benton Rangers.

Other teams participating in the Centralia tournament will be the host squad and Belleville West, Cairo, Stephen Decatur high, East Moline, Freeport, Homewood - Flossmoor, Jacksonville, New Trier East, Pittsfield, St. Ann and Sparta.

Kahoka at Carbondale

The 1969 Carbondale holiday tournament, set for Dec. 29-30-31 at the SIU Arena, again has many of the finest prep teams

in the state among its 16-team field.

Defending champion Decatur Eisenhower lost several key players and its head coach Joe Russell, but is being bolstered by an excellent group of juniors.

Perennially strong, the Collinsville Kahok quintet has already been tabbed as a team to beat in the southwest part of the state. Peoria Manual had an abundance of juniors on its squad last year. Both Chicago St. Patrick and Alton has top-notch squads.

Newcomers this year include Belleville East, a new athletic power which made the "Elite Eight" last year with a young squad; York of Elmhurst, which has been a traditionally strong basketball school; Thornridge, which may be one of the top basketball teams in the northern part of the state; and Trinity Trico, which has made a habit of consistently beating larger schools to advance in the season-ending state tournament series.

Add to this the basketball-rich southern Illinois contingent and it may be an awesome three-day affair. Heading the list of area teams are Marion, Meridian, Mt. Vernon and Harrisburg. Herrin, Pinckneyville and the host Carbondale team round out the list. All are capable on given occasions.

Individual performers who may catch the eye of college scouts are Stan Kirby (Meridian), Steve Waterbury (Marion), Eddie James (Mt. Vernon), Bob Shapiro and Jerry Ahart (Collinsville), Jay Williams (Peoria Manual), Murry Smith (Trico) and Harold Brewer and Ken Swenson (Belleville East).

Tennis Exhibitions

Admission-free exhibition tennis matches, featuring Burch and Cliff Buchholz, Mrs. Mary Ann Elsel Curtis and Rod Summa, will be presented at 2 p.m. Saturday at the new St. Clair Indoor Tennis club, 733 Hartman lane, O'Fallon.

Southern Illinois University is one of the training sites for Teacher Corps personnel who volunteer to teach in low-income areas.

Morgan, Lovaceff Win for Prather

Prather's wrestlers lost 50-10 at Roxana Monday.

The Chiefs' only match wins were by 145-pound Bob Morgan with a pin in 2:30 minutes and heavyweight Woody Lovaceff in 1:22.

Defeated by Roxana grapplers were: 98, Andy Knot; 2:35, 107, Rick Westbrook; 1:50, 115, Phil Shands; 1:15, 123, Rick Barnett; 9:10, 130, Dean Waugh; 2:53, 137, John Shepard; 3:25, 155, Melvin Anderson; 1:35, 165, Elton Odum; 1:20, 175, Marty Rapp; 3:20, and 185, loss by forfeit.

Key Conference Cage Games Slated at GCHS

The hardwood Warriors will play critical Southwestern Conference games this weekend. On Friday Belleville West and on Saturday East St. Louis will visit the GCHS gym. Both games will begin at 8 p.m.

Regular starters Jeff Boyles and Tim Moore have suffered slight ankle sprains during practice this week, but Coach Don Deterding believes that the sprains will not prevent either from playing.

Coach Deterding looks forward to the weekend. "Both games are vital to us if we have hopes for the conference championship."

"Granite City, Belleville West and East St. Louis along with Alton are all of about equal strength. If we're to be champions we must beat everyone and hope someone else can knock off Collinsville. Then we'll have to beat Collinsville when they visit us here Jan. 23."

The Kahoks edged GCHS 65-63 at Collinsville last weekend. The Granite City coach continued, "Belleville West and East St. Louis are very similar. East St. Louis has three veteran starters; two are 6-6 and one is 6-3. Belleville has two starters back—one 6-4 and the other 6-6."

Red Devils Bedevil Livingston, 108-58

Livingston was trampled by the Red Devils 108-58 at the Venice high gym Tuesday. Venice Coach Bill Ohendorf explained the obvious: "We have improved considerably. "We shot well and our press was effective. We still have some defensive weak points and from the boards (rebounding). There's easily room for improvement."

First Kahok Loss As Tourney Hosts

The Kahoks took second in their own high school basketball tournament with a 75-72 loss to East Moline Tuesday night at Collinsville. It was the first time in the 16-year history of the tourney that Collinsville was not the champion. Kahok Jerry Ahart was the championship game's high scorer with 24 tallies. Summer of St. Louis, defending Missouri 1st place school, finished third and McClellan of St. Louis was last.

3 Pins, 2 Wins on Points by Gators

Grigsby Junior high grapplers lost 31-21 at Roxana Wednesday. Winning matches for the Gators were: Don Woods with a pin after 1:04 minutes, Tom Ussery in 1:20, Bob Galbraith in 5:25, Kerry Johnson with a 12-7 decision and Dennis Reagan on points, 5-0.

Douglas Johnson 13, Jim Olen, 10, Robert Coleman 4, Harold Genterman 3 and Herbert Buford 2. Concerning the contest with Lovejoy high at 8 p.m. Friday at the Venice gym, Coach Ohendorf said, "It's hard to judge how good they are. They've been losing pretty badly. But they've been losing to some tough competition, like Sumner and Vashon."

SIU-SW Basketball Cougars Claw Harris College Team 87-77

SIU-SW beat Harris Teachers College of St. Louis 87-77 at Edwardsville Wednesday. The victory gives the Cougars three wins in a row, the longest string in their three-year history. They are now 3-1 on the season. The Cougars were 49% on target from the field and, with seven minutes remaining in the game, led by 72-48. Harris narrowed the margin after Coach Harry Gallatin emptied the SIU-SW bench. Harris hit only 33% of its field attempts.

Capt. Bernie Pitts led the winning effort with 26 points, including 12 of 14 free throws. Former Venice high player Rich Essington had an "off night" because of knee problems and hooped only 12 points. Former Madison cager John Summers is practicing with the Cougar squad but because of his recent return from military service will not be eligible to play until Jan. 7.

Senator Ottwein Notes Legislative Experience

In a statement of candidacy today, State Senator Merrill Ottwein (R, Edwardsville) cited his experience on four committees, Education, Public Welfare, Conservation and Agriculture. He also serves on four commissions, including the extremely active Social Problems Commission.

Dr. Ottwein filed this week to seek his first regular term after being elected to an unexpired term. He succeeded Paul Simon, who became lieutenant governor.

"I know the campaign will be difficult, since Madison county is considered to be Democratic and my election was regarded as an upset victory," he commented. "But I believe there is a huge mid-section of voters simply looking for a fair shake—for integrity, and attention to responsibility."

There is no such thing as the wrong time of year for vacations.

Talking Letters For Servicemen Still Available

The annual "talking letter" program is in progress daily at the Red Cross office, 1411 Third Street, and the recording facilities are not being utilized to their maximum capacity. It was noted at a City chapter board meeting Tuesday at the First Granite City National Bank.

Each party will nominate one candidate for state senator in the March primary balloting in the 53rd Senatorial district which includes the four Quad-City townships and six other Madison county townships.

Jaycees Announce Winners In 'Bowling Sweepstakes'

The unofficial list of winners in the 10th annual "Bowling Sweepstakes," sponsored by the Granite City Jaycees last week for league bowlers at Bowland Lanes and Tri-Mor Bowl, was announced today by Richard Dawdy, Jaycee board chairman.

The Jaycee official said that scores published today will become official Tuesday, Dec. 16, with prize money to be presented the following day. Any bowler wishing to contest a score may do so prior to Tuesday by contacting Dawdy, at 876-1212.

Bowlers competed during league play, with the winners determined on a handicap of 70%, of the difference between 210 and the bowler's actual average, it was explained. Identical cash awards were offered in both the men and women's divisions.

Winning bowlers and scores were:

WACs Offer Careers To Qualified Women

Many career opportunities are now being offered by the Women's Army Corps through the free job training now available to qualified young women who are interested in enlisting in the Women's Army Corps.

More than 40% of American women are now employed outside the home, according to recent estimates by the Department of Labor, and this figure is expected to rise even more within the next five years, according to Sgt. Morris Cook, local recruiter. As more and more women enter the labor force, the demand for skilled women workers will increase, he added.

Courses offered by the Women's Army Corps range in length for 4 to 31 weeks, and include such subjects as stenography, data processing, journalism, social work, physical therapy, photography, map-making; accounting, drafting, and working procedures in a dental laboratory, pharmacy, and medical laboratory.

Applicants for the WAC should be high school graduate, 18 to 34 years old, in good health, and of high moral character. More information may be obtained by contacting Army Recruiting Sgt. Morris L. Cook, 1206 Niedringhaus avenue, or by calling 876-8550.

FRIENDLY CIRCLE HOLDS HOLIDAY DINNER PARTY

The Friendly Circle class of the Devey Avenue United Methodist Church held its annual Christmas dinner and party at the home of Grace Lensing, 2602 Washington avenue, Tuesday evening.

Turkey and all the trimmings were served on a decorated table to Mesdames Gladys Pettito, Thelma Dean, Viola Brooks, Lucy Testerman, Lora Hancock, Evelyn Thompson, Elsie Stagg, Violet Miller, Lydia Atkinson, Marie Settle, Grace Lensing and Madara Shaw.

After dinner, Mrs. Brooks gave two readings from the "Ideal Christmas" book. They were entitled, "A Boy's Christmas Complaint" and "The Story That Never Grows Old."

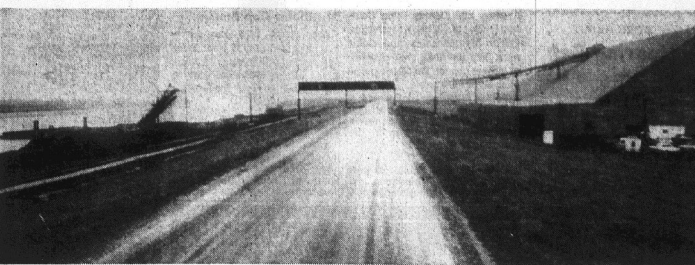

Mrs. Stagg gave a reading, "Candles in the Window." The president gave a short reading entitled, "A Boy's Christmas." The evening ended with a gift exchange.

PROGRESSIVE CLASS CHRISTMAS DINNER

The Progressive class of Second Baptist Church met Monday in the home of Mrs. Naomi Krongey for its annual Christmas meeting and dinner. Prayer was given by Mrs. Mae Williams.

Roll call was taken and each answered with a Bible verse. Songs were sung and the group said the 23rd and 100th Psalms in unison. Minutes were read by the secretary, Mrs. Iva Biggs.

A devotion was given by Mrs. Eva Farrell. Following a

MORE ABOUT Air Board

"Granite City either should be given an exemption so the local board can function properly, or the state should take over the job."

The mayor asked the local board to look into reports that air pollution was a possible cause of heart disease. "It would be interesting to know how many people here died of heart ailments resulting from air pollution and how the figure compares with the national average," he said.

Bieniecki said the board would undertake the task.

Coke Oven Stacks
Prof. Hoelcher reported he had sent a letter to Granite City Steel Co. advising the firm's officials of evident violation of emission regulations from the center and west stacks at the blast furnace plant coke ovens.

The plant officials were asked to watch the stacks and to establish a timetable for permitted emissions.

Bieniecki reported a complaint had been received from Mrs. Elizabeth Thalman, 2001 Thirteenth street, who also sub-

A female toy collie was stolen from the back yard of the home of Bill Stewart, 1538 Clark avenue, he reported at 9:30 p.m. Wednesday. The dog, which was chained, is nine months old, and is named Shelia. It has a brown head with a white ring around the neck and black shoulders.

mitted pictures and samples of a white substance found on the family auto. A similar complaint was received from an East 20th street resident at the November board meeting.

Bieniecki said the white substance is in the process of being analyzed.

He added that a special sequence camera to photograph the basic oxygen furnaces at Granite City Steel Co. should be in operation in two or three weeks.

Reduction of Hunger, Pollution Forecast

Elimination of hunger and pollution and development of recreational programs and facilities will receive major emphasis during the remainder of this century, Madison Rotarians were told yesterday by Rev. Frank Christ, pastor of the First United Presbyterian Church.

Rev. Christ reviewed conclusions of an Oct. 27-Nov. 12 national relations seminar for pastors, held at Louisville, Ky., by the Presbyterian Institute of Industrial Relations. He also will speak on his attendance at the seminar at 7:30 a.m. Saturday during a meeting of the Tricounty Men's Club at Lee Wright Homes, Venice.

Rev. Christ forecast increased attention to ecology and said a trend toward taxation of church property may necessitate joint use of a building by several churches.

He predicted transitions of motor vehicles to hover craft and airplanes to vertical-take-off and short-landed planes. Despite more leisure time, there may be an increase in general anxiety and tension, he said.

It was decided to judge exterior home lighting displays in Madison during the week of Dec. 22. Applications will not be required in order to be eligible for the three \$20 awards.

Plans were made to host the acting district Rotary governor Dec. 17 and to meet jointly with Granite City Rotarians Dec. 23, when Ray Sonnenberg, a National Football League referee, will speak.

A student Christmas music program was presented under the direction of Mrs. Valerie Stevens, Madison school district vocal music supervisor.

Singers were L. A. and Georgia Engle, Deborah Day, Linda Verba, Ruth Wilson, Brenda Williams, Cathy Jackson, and Kathy Wilson. Instrumentalists were Paula Hill, Anita Black, Linda Shultz, Judy Rash and Cathy Niedhardt.

State to Get Land for Lewis and Clark Park

The five-acre Lewis and Clark park north of Granite City will be expanded soon by a tract of 18 acres which the U. S. Army Corps of Engineers plans to turn over to the Illinois State Department of Conservation for development.

The park, located at the confluence of the Mississippi and Missouri rivers, is as near as possible to the original site of the 1803-04 winter camp of the Lewis and Clark expedition before it began its westward explorations up the Missouri.

It marks the beginning of the Lewis and Clark National Trail and is under consideration for designation as a national historic landmark. U. S. Sen. Ralph T. Smith (R-Alton) has urged favorable consideration of the landmark designation.

Expansion of the park resulted in a controversy over use of the surrounding land for a park or for industrial purposes, but an agreement was reached between Granite City Industrial Interests and the Lewis and Clark committee for the Corps of Engineers to provide additional land along the river and across from the Chain of Rocks canal.

Arrangements for a ceremony in which Gov. Ogilvie would receive the 188 acres of land for the state was being arranged today.

St. Louis Symphony to Perform 'The Messiah'

The St. Louis Symphony Orchestra under direction of Walter Susskind, will perform Handel's classic Christmas oratorio, The Messiah Sunday at 8 p.m. in Powell Symphony Hall, St. Louis.

Soloists will be Peggy Parkinson, soprano; Ivanka Myhal, mezzo-soprano; Jerri Becker, tenor; and Dale Moore, baritone, assisted by the Cosmopolitan Singers and Festival chorus directed by Helen Loew-Graes.

Miss Parkinson is a senior voice student at Southern Illinois University's Carbondale campus. Moore lives in Edwardsville and is a professor of voice and head of the voice department at Southern Illinois University-Southwestern campus.

Tickets are prices from \$1.50 to \$4 and may be purchased at Powell Symphony Hall, a number of department stores and at the University Center at SIU-SW.

Gas Leak Noted

Residents in the area of a trailer court at 4035 Braden avenue noticed an odor of gas coming from a leak from propane tanks at 6:10 p.m. Wednesday. Firemen were called to the scene, but there was no fire. A propane service company was called to repair the leak.

COMPOSITE SKETCH made by the Granite City police department from descriptions given by witnesses of the bandit who staged a \$600 stickup of the National Foods store last Friday evening. The wrinkled bandit was described as being 40-to-55 years of age; five feet, eight or nine inches tall and weighing 150 pounds. He was of medium build and wore a cap with ear flaps and dark rimmed glasses. Anyone knowing his whereabouts is asked to call police.

Hospital to Hike Room Rates Tomorrow by \$5 and \$6 a Day

Room rates at St. Elizabeth Hospital will go up tomorrow. The new rate will be \$44 a day, up from \$38, for a semi-private room, and \$47, up from \$42, for a private room. The prevailing semi-private room rate in hospitals throughout the area is \$45.

The new room rate schedule was announced today by the Lay Advisory Board members who were given the responsibility for determining the amount by the hospital's Governing Board.

Sister Mary Thomas, hospital administrator, said, "Many factors can be attributed for the increase in cost."

"One of the major reasons is the capital indebtedness being incurred to provide funding for the new \$11,000,000 addition. The hospital is in the process of floating a \$8,000,000 bond issue and with the money market being as tight as it is, the interest payments for the fiscal year 1970 will be several hundred thousand dollars."

During these inflationary times, there has been a substantial increase in the price of things the hospital buys. For example, food costs at the hospital are up 8 to 10% over last year.

On July 1, 1969, Sister M. Thomas said, "the federal government dropped the 2% factor from the Medicare reimbursable formula. Before that, the hospitals were being reimbursed cost, as determined by the Social Security Administration, plus 2%."

In effect, Social Security payments to the hospitals for the care of the elderly do not adequately reimburse hospitals for the care given to these patients.

"Wages, which account for two-thirds of the total hospital budget, are increasing. Another factor influencing the increase," the sister added, "is the pressure of the rising demand for medical services and the increasing complexity of medical care provided the patient."

"The new rate structure will put St. Elizabeth in the middle of the rate range in the white-collar area," she concluded.

Burglars Steal Currency In Break-in at Mitchell

Burglars looted and ransacked a bedroom at the home of Herbert Schamot, Rural Route Two, he reported to the Madison county sheriff's office at 10:30 p.m. Tuesday. Entry was gained by prying a breezeway door after 7:15 p.m.

Taken from the master bedroom were 77 \$1 silver certificates, two \$5 bills, a man's wrist watch valued at \$15 and a pair of binoculars valued at \$15. Another bedroom also was ransacked. The burglars knocked down a gate while leaving the back yard.

Burglars broke into the home of Art Lavelle, 2419 Morrison road, by prying the patio door, he reported Tuesday morning to the Madison county sheriff's office. The house was ransacked. About \$10 in change was missing, and it was not immediately determined if anything else was taken.

Paul Pfleiderer, Apt. 3, 1415 Fifth street, reported to Madison police Monday afternoon that his apartment had been entered by burglars who apparently picked the door lock with a screwdriver or other tool. They were frightened from the store room of Markly Plumbing & Heating Co. in Madison, according to a report to Madison police Monday afternoon. A shop employee said he went into the storeroom and that three men, carrying a box, fled from the storeroom through a rear door.

Two men drove into Clark's service station, Namecki road and Washington avenue, obtained \$3 worth of gasoline and drove away in a white 1969 or 1960 auto without paying. It was reported at 4:50 a.m. Wednesday.

Hairdressers to Select Queen

Members of the Elite Hairdressers Association will hold a contest Dec. 14 to select their candidate for "National Beauty Salon Week" queen.

The selection will be made in connection with the annual Christmas party and dinner at 4 p.m., at the VFW Hall. The public is invited and reservations may be made by calling 931-1749. Mauri Dickey is the chairman.

This is the 20th observance of National Beauty Salon Week. The local cosmetologists will be joining with thousands of their colleagues throughout the nation to select a woman who has beauty, talent and a community interest to be crowned queen of their professional group.

Earl Tucker is the new president of the Elite Affiliate.

Sunshine Class Christmas Party

The Sunshine class of Second Baptist Church held its December meeting and annual Christmas party in the home of Mrs. Esther Reutzel, 2412 Pontoon road Monday evening. The meeting opened with singing of the class song, "Heavenly Sunshine."

Mrs. Rose Mary Wilson offered opening prayer and the teacher, Mrs. Evelyn Smith, conducted a business session. The group decided to go caroling Dec. 23 and to give a gift to "adopted grandmothers" along the way. The members will assemble at the church at 8 p.m.

Mrs. Reutzel gave the monthly devotion and showed slides on the life of Jesus and the tradition of Christmas. Mrs. Smith led closing prayer and the session was adjourned for a Christmas celebration. A gift exchange was held.

The hostess utilized the Christmas theme in the table decorations.

Refreshments were served to Mrs. Alma Burnett, Mrs. Stefie Lizbar, Mrs. Gloria Burnett, Mrs. Pauline Ignatz, Mrs. Marge Rhoades, Mrs. Frances Seldman, Mrs. Margaret Dutton and grandson, Sandy, Mrs. Mary Holshouser, Mrs. Norma Raines, Mrs. Essie Burnett, Mrs. Ethel Cox, Mrs. Ruby Harper, Mrs. Gladys Hutchings and those named.

Engagement Is Announced

Mr. and Mrs. William P. Steinman, 320 Bend road, are announcing the engagement of their daughter, Miss Frances Ann Steinman, to Robert Louis Mehelic, a son of Mr. and Mrs. Louis Mehelic, 1807 Fourth street, Madison.

The bride-to-be graduated from St. Teresa Academy in East St. Louis, and DePaul Hospital School of Radiologic Technology in St. Louis where she is presently employed in the Department of Radiology.

Her fiancé attended St. Joseph high school in Westmont, Ill., and received his Bachelor of Arts degree from St. Louis University in 1964. After completing studies for his Latin major, he plans a June graduation from SLU with a Master of Arts degree. He is now teaching Latin and English at the Madison high school. The couple is planning a mid-summer wedding.

Limitation of Auto Traffic?

State Clean Air Board Stresses Emergency Policies

Limitation of automobile traffic and the closing of business and schools have been suggested as emergency measures to control air pollution in Illinois.

The Illinois Air Pollution Control Board at a recent meeting in Chicago heard the "Report on Activities During the High Air Pollution Potential Advisory." The report, prepared by the state's Bureau of Air Pollution Control, recounted the action taken by the bureau and local departments during the recent six days of high air pollution potential, Nov. 6-11.

Clarence W. Klassen, technical secretary of the board, said: "As a result of its investigation and report, the bureau proposed revisions to the 'Rules for the Control of Air Pollution Episodes.'"

"The revised plan includes the addition of carbon monoxide to the pollutants monitored, as well as the lowering of the levels of sulfur dioxide and particulates required to initiate certain control actions."

All Citizens Involved
"An important change in the proposed rules is the involvement of all citizens in the pollution control by stopping backyard burning, limiting automobile traffic, and even closing business and schools during the more serious conditions of air pollution emergency."

"Another important change is the requirement that industries that are large sources of air contaminants have alert plans on file with the board that can go into effect during air pollution alerts. Such plans would include switching to low ash and low sulfur content fuels, switching electric generating units outside of the affected area, decreasing steam and power load requirements and reduction of production to the absolute necessary minimum. These plans will go into effect when facilities are notified that a particular alert condition exists."

"The revision also includes instructions to give to persons with respiratory conditions and heart disease during the periods of these alerts, so that the effects of any possible build-up of pollutants will be reduced. These instructions will be part of new releases issued by the board," Klassen said.

The board asked for public hearing purposes all of the proposed revisions.

Exemptions Granted
The board also adopted, subject to final approval by the National Air Pollution Control Administration, Rules and Regulations for exemption of Political Subdivisions from the state of Illinois Air Pollution Control Act. It was under the original regulations that Chicago, Bedford Park, McCook and Morton Grove were granted exemptions, and set up their own departments of air pollution control.

The board received a report from the staff concerning the relative hydrocarbon emissions from jets and motor vehicles in Illinois. Motor vehicles in Illinois discharge over 900,000 tons of hydrocarbon per year, while jet aircraft discharge about 3800 tons per year. Jet hydrocarbon discharge accounts for 4% of the total hydrocarbons from jets and motor vehicles.

The report further indicates that in the average of 20-minute landing, taxi and take off, the hydrocarbon discharge from jet aircraft is comparable to the discharge from 30 motor vehicles operating during 24 hours. Based upon a comparable time comparison (20 minutes), the emission from one jet aircraft would be equal to the emissions from 72 motor vehicles.

Local Complaint Filed
James Kechner and Miss Con-

stance Kambers, assistant attorneys general, reported on the status of four suits previously filed. An injunction was filed Oct. 8, 1969, against Frank Shepard & Sons, Berlin; complaint for injunction and fine was filed Sept. 18, 1969, against Jesse Yokum Salvage Yard, Lemont; complaint for injunction and fine was filed Oct. 8, 1969, against the West End Auto Salvage, Granite City. In addition, a suit is now pending against A. Webber Borchers, Decatur, action on which is delayed because of a hearing on the motion, to be heard in the near future.

The board also scheduled public hearings on proposed regulations covering pollutants from motor vehicles, to be held within the next two months in the Chicago and East St. Louis areas.

The board recognized the technical secretary's withdrawal of complaints against the city of Alton, Alton Box Board Co., Laclede Steel Co., Owens Illinois Glass Co., all of Alton, and Richard Foundry, of Belleville. Klassen said, "The withdrawal without prejudice of the 'notice to answer' charges against all of the firms was made to provide opportunity to arrive at solutions to the problems by conference."

Members of the board are: Dr. Franklin D. Yoder, Illinois Department of Public Health; John Warren, Moline; Samuel Lawton, Highland Park; Raymond Maxson, Elmhurst; Richard Keinke, Lemont; Dr. Thomas Kelly, Wood River; Paul Hodges, Collinsville; Edna Peske, Lake Forest, and Maurice Gosnell, Lawrenceville.

Mayor Urges

Army Depot, A. O. Smith, Union Division of Miles Laboratories, American Steel Foundries and other business and industrial firms.

Heavy Traffic Loads

The mayor told the commission the city is surrounded by 20 sets of railroad crossings on three sides of the city and noted that among the more seriously affected crossings are Niedringhaus avenue crossing with a daily traffic load of 18,000 vehicles; the West Pontoon road crossing with 12,000 to 15,000 vehicles crossing daily; the Madison avenue crossing with a daily traffic load of 9000 to 18,000 vehicles and Edwardsville road with a daily traffic load of 9000 to 18,000 vehicles.

Partly told the commission that Granite City officials are much concerned about the future traffic load on Niedringhaus avenue which has a daily traffic load of 18,000 vehicles. He pointed out that Granite City will enter the new stretch of highway at Niedringhaus and this is expected to attract a much heavier traffic flow than in the past, creating even greater traffic jams when the Niedringhaus rail crossing is blocked.

In response to a question by Palmer, Partney said a grade separation on Niedringhaus avenue probably is the only answer to the problem, but that the city has been attempting for several years to obtain funds for an overpass and has been unsuccessful thus far. He said a grade separation on Niedringhaus avenue would be a \$4.5 million project, but that efforts are being made to have Niedringhaus avenue de-

GC 'Citizens for Peace' Weekend Observance

Granite City "Citizens for Peace in Vietnam" will join other Madison county and St. Louis area peace groups in a town hall meeting at Keil auditorium in St. Louis Saturday and also plan a local meeting Sunday as part of a two-day moratorium observance, it was announced today.

Saturday's meeting at Keil auditorium is scheduled from 1 to 5 p.m. and, in a departure from past demonstrations pointing up the loss of life and suffering in the Vietnamese war, will involve discussion of domestic issues emphasizing military spending, according to Britton Knight, Granite City industrial engineer and coordinator of the Granite City movement.

On Sunday, three follow-up meetings will be held in Madison county, one in Granite City, another in Edwardsville and one in Alton. The Granite City meeting will be held at 2 p.m. at the home of Mrs. Carol Lanter, 2415 Grand avenue, where Knight will lead the discussion, also on the theme of domestic needs.

The Sunday meeting at Edwardsville is scheduled at 3 p.m. in the Newman Center.

Officials of Pontoon, Nameoki Back Mudge

William Schooley, Granite City township attorney and chairman of the Quad-Cities campaign committee for Dick Mudge, a candidate for the Democratic nomination as state senator, today announced an enlargement of the provisional committee.

"Schooley said, 'The provisional committee is to be expanded periodically into various sections of the Quad-Cities. It is eventually to include all sections of the community - business, professional, labor and average citizen.'

Those added at this time are all from Nameoki township and include Thomas Staicoff, mayor of the village of Pontoon Beach; Edgar Patrick, town collector; Robert Beedle, town auditor and a precinct committeeman; Louis Whitsett, town clerk; and Mike Kopac.

GC Band Parents To Plan Party

Melvin Gille, president of the Granite City high school Band Parents Association, presided at a regular meeting Tuesday in the high school band room.

He announced the first in a series of four concerts will take place tonight at 8 o'clock in the auditorium.

Proceeds from the sale of concert tickets and from refreshments sold by the parents at athletic events along with Tag Day donations are used to finance band tours.

During the first week in May, the band is scheduled to go to Houston, Tex. to play two concerts. The band also is scheduled to play at nine home basketball games. Louis Meek is director and Joseph Owens is assistant director of the band.

Plans were announced for a party in the near future to honor the winning team in the concert ticket sale contest. Members of the team are Erle Mills, captain, Donna Spahr, Robert Moore, Stephanie Miller, Patricia Hunsinger, Sherri Holt, Mary Sporic, Jody Blackard and Lynn Blankenship.

Parents will again assist the students during Tag Days scheduled for March 26-28, and will operate refreshment stands at wrestling tournaments to take place on Dec. 29 and Dec. 30. Parents are requested to call Mrs. Joseph Mills to be assigned hours for working on these two days.

Any parent who is interested in supporting the band and its programs are invited to the next meeting on Jan. 13 at 8 p.m. in the high school band room.

Attend Meeting On Improving Economy

Carl Mathias, area manager of Illinois Power Co., and C. E. Townsend, editor-publisher of the Press-Record, were in Chicago Tuesday for a meeting of the Economic Development Committee of the Illinois State Chamber of Commerce, of which they are members.

Rep. John H. Klein, Lake Forest, Ill., addressed the committee on water and air pollution problems in Illinois, pointing out that the science of controls over water pollution is much more accurate and realistic than that for air pollution where "even the experts have differing opinions."

The committee also discussed the importance of the Illinois constitutional convention, and deferred for a few weeks adoption of a policy recommendation to the legislature on the legalizing industrial development revenue bonds, similar to those being issued in 44 other states to attract new industry and jobs.

Nick Kosick, Stricken At Work, Succumbs

Nick Kosick, 65, 1738 Chestnut street who became ill while working as a core joiner at General Steel Industries on Tuesday, was taken to Elizabeth Hospital by ambulance where he was pronounced dead upon arrival at 2 p.m. He had been in good health and had not been under medical care.

Born in Yugoslavia, Mr. Kosick lived in this area 31 years. He is survived by his wife, Ann; one daughter, Mrs. Maryann Magyar of Granite City; a sister, Mrs. Michael (Mary) Spach of Granite City; five brothers, Steve and James Kosick both of Madison, Stephen Kosick, Ferguson, Mo., John Kosick of Collinsville and Joseph Kosick of Granite City; and four grandchildren.

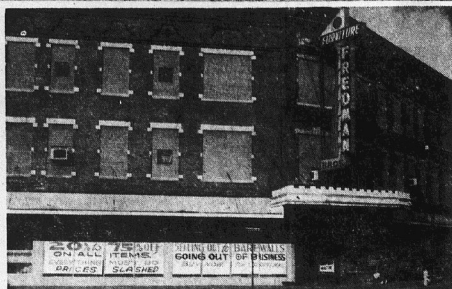

Funeral arrangements are given in today's obituary column.

Draft Quota Figures Delayed by Change

The number of Quad-City men scheduled for Armed Forces induction next month is not yet available from the County Selective Service headquarters in Edwardsville, due to a change over now taking place for the new lottery system, a spokesman said yesterday.

Monthly draft calls, in the past, have been announced several weeks prior to the induction date. The new lottery system, which changes the order in which men are to be inducted, starts Jan. 1.

The Illinois draft call for January is 849, selected from the revised system, Lt. Col. James H. Voyles, deputy state director of the Selective Service System, recently announced.

FREDMAN BROS. CLOSE DOORS AFTER 35 YEARS!

Fredman Bros. are closing their doors after 35 years in Granite City. That means we must sell off the largest stock of furniture, appliances, bedding and carpeting in the Quad-City Area and we must do it fast. Our floors are jammed with new merchandise ordered for our regular Christmas business. Now we must sacrifice it at a fraction of the regular price to insure its fast disposal. Everything must be sold to the bare walls; some at cost, some below cost! But hurry, while the selection is still complete; it's selling fast at these prices.

FROHARDT PTA YULE PROGRAM NEXT WEEK

Mrs. Mary Fernham, president, conducted the Tuesday night meeting of the executive board of the Frohardt school PTA, held at the school. Reports were presented by Mrs. Sarah Metcal and Pete Stieber.

Lee Reid, principal, described the 1968-69 directory and bulletin board which the PTA has ordered for the school. The PTA also has purchased a large crystal punch bowl for use at the school.

Three stereo record players which had been purchased have arrived at the school. They are for use in the first, second and third grade rooms.

William Haddock chairman of the ways and means committee, gave a report on a skating party held at the Stardust roller rink. The event was a success and another party is planned there Feb. 2.

Plans were made for several next week certificates to be sent to local families. A discussion was held regarding Christmas gifts for school personnel.

The next PTA meeting will be held Tuesday at 7:30 p.m. Santa will greet the children, and a musical program will be given. Mrs. Letta Marmion, former Miss Granite City, will sing Christmas carols.

The "New Life Singers" from the First Assembly of God Church, 24th street and Grand avenue, also will sing. The sixth graders will participate in the evening's entertainment and refreshments will be served by fifth grade room mothers.

The president announced that the Frohardt record has been broken; there are now 381 members enrolled.

MUSICAL NEEDS TO BE TOPIC OF NAMEOKI PTA

The executive board of the Nameoki school PTA met Tuesday night at the school. The president, Mrs. Vera Farrow, conducted the meeting and reports were given by Mrs. Marian Sipole and Joel Tester. A thank you letter was read from Mrs. Vera Meyer, who received a gift from the PTA upon her retirement.

Announcement was made concerning the Area PTA Council 12th annual awards banquet Feb. 26 at Granite City high school. Mrs. Vera Farrow, Mrs. Arlene Haldeman and Mrs. Sipole will serve on the committee to nominate a member from the Nameoki school for the area award.

The next Area Council meeting will be Jan. 22 at Logan school. The program will be "Hour of Necessity," presented by the American Cancer Society and the American Heart Association.

Mrs. Katie Wilson, ways and means chairman, reported on a successful magazine sale and gift bazaar. She announced that a gift bazaar table will be set up at Tuesday night's PTA meeting. Mrs. Virginia Apperson reported on the teacher appreciation dinner.

Next Tuesday's meeting will start at 7:30 p.m. and will feature a program entitled, "Meeting Your Child's Musical Needs." Kindergarten classes and fifth and sixth graders will participate in the program. Refreshments will be served by fifth grade room mothers.

The PTA is selling boxes of candy for \$1 and candy bars for 50 cents. All proceeds will go to the activity fund at the school. The candy may be purchased at the school office.

Others attending were Mrs. Angie Kefalas, Mrs. Marilyn Galbraith and Donald Kopp, principal.

MISSION PRAYER GROUP MEETS AT CHURCH

The Mission Prayer Group of First Baptist Church met Tuesday morning in the church parlor, with Mrs. Pauline Harp as hostess.

Mrs. Harp taught a chapter from the book, "Sons of Ishmael." Mrs. Fern Affolter and Mrs. Virginia Head will teach chapters from the book at future meetings.

TROOP 340 COMPLETES CHRISTMAS DECORATIONS
Brownie Troop 340, sponsored by the Parkview PTA, met Monday in the school multipurpose room with the leader, Mrs. Delores Smith, and co-leader, Mrs. Inge Modric.

The girls recited the Brownie promise and the pledge of allegiance in unison. Donna Rowlett, scribe, called the roll and each paid dues to Theresa Heiney, treasurer.

Plans were made for a Christmas party at the next meeting. The Brownies completed their Christmas project, which were decorated trees made from green and red party hats. They were taken home by the girls for use as holiday decorations.

The leaders directed the girls in races held outdoors, and all returned to the building to close their meeting by singing Christmas carols.

Other attenders were Sandra Mariette, Christine Coleman, Susan Range, Dawn Ford, Sherry Modric, Nancy Smith, Susan Wrischink, Rita Wainseley, Laura Sikora and Helen Goeller.

Savings on Flat-Rolled in New GC Steel Price System

Customers of Granite City Steel Co. will have the option of placing orders for some of its flat-rolled steel products on a "theoretical minimum weight basis" or, in effect, paying by the square foot rather than by the ton, John A. Leschen, vice president-sales, announced yesterday.

Leschen said the new pricing system will be effective with shipments Jan. 1, 1970, and will result in savings for many users of flat-rolled steel, the most widely used of all manufacturing raw materials.

The following Granite City Steel flat-rolled steel products, carbon and low alloy-high tensile, may be ordered on a theoretical weight basis: hot-rolled sheet sheared edge, hot-rolled pickled sheet sheared edge, cold-rolled, galvanized sheet, and galvanized grain bin sheet.

Exclusions Listed

Specifically excluded from theoretical weight pricing are the following Granite City Steel products which will continue to be sold only on a scale weight basis: hot-rolled band, hot-rolled sheet mill edge, hot-rolled strip, galvanized culvert sheet, all secondary sheet, and pre-painted sheet.

The company will also continue to bill by the square, as in the past, for its galvanized roofing and siding products, Strongbarn and S Strongpanel galvanized and color coated, and by the base box for black plate, a very light gauge cold-rolled sheet.

The present system of billing for flat-rolled steel products allows tolerances or deviations, under as well as over, from the specified thickness, and the steel mills charge for the weight actually shipped within those tolerances.

With the new theoretical weight system, all deviations from ordered thickness must be on the plus side.

Freight charges for the products to which theoretical weight pricing is applied will be calculated on the basis of actual or scale weight.

Partial Cost Recovery

Leschen said Granite City Steel will move to recover a part of the cost of furnishing products with all tolerances plus with a new extra charge on "theoretical minimum weight" orders, which will take effect with shipments Feb. 1, 1970, one month after the effective date for theoretical weight billing.

NOTICE FOR PUBLICATION

TO: ALL WHOM IT MAY CONCERN:

Take notice that on the 1st day of December, 1969, a petition was filed under the Juvenile Court Act by V. Robert Matosian, Asst. State's Atty. in the Circuit Court of Madison County entitled "In the interest of Talent Gilmore, a minor," and that in Circuit courtroom at the Madison County Detention Home, Edwardsville on the 16th day of December at the hour of 1:30 p.m., or as soon thereafter as this cause may be heard, an adjudicatory hearing will be held upon the petition to have the child declared to be a ward of the court under that Act. The court has authority in this proceeding to take from you the custody and guardianship of the minor, and to appoint a guardian with power to consent to adoption of the minor.

Now, unless you appear at the hearing and show cause against the petition, the petition may be taken for granted as against you and each of you, and an order, judgment or decree entered.

Dated 8th day of December, 1969.

Willard V. Portell, Clerk.
Norma Buchheim, Deputy.

275 Attend Job's Daughters Installation of Officers

Miss Carol Carver was installed as Honored Queen of Bethel 43, International Order of Jobs Daughters, at the public installation of officers and choir members Tuesday night at the Masonic temple, attended by 275 persons, the largest attendance recorded at an installation.

Lynn Jacobsmeier, retiring queen, escorted the installing officers into the Bethel room as Mrs. Nell Baskette guardian opened the ceremonies. Dr. E. H. Theis is the associate guardian.

The Bethel room was decorated in white with large red bows attached to the backs of the officers chairs.

Members of the James Stuart Chapter Order of DeMolay escorted the Honored Queen to the East and gave the 9 o'clock interpolation as they formed a solid triangle.

Little Laura Shanks escorted by Mark Hilmer presented the new queen with a purple and white colonial bouquet of flowers.

Other new officers installed were Kristie Christich, senior princess; Lana Dalhaus, junior princess; Mickey Pata, marshal; Shirley Browkaw, marshal; Lynne Lovacheff, recorder; Jeanie Timmons, treasurer; Nancy Hawkins, chaplain; Beth Anne Ledbetter, musician; Becky Stone, librarian.

Short Teller, first messenger; Debbie Machet, second messenger; Lesa Duckworth, third messenger; Bambi Sigvald, fourth messenger; Karen Ebrecht, fifth messenger; Ren Fowler, senior custodian; Becky Graham, junior custodian; Debbie Pingar, inner guard and Cindy Vaughn, outer guard. Flag bearer was Angela Marlette.

Members of the Bethel choir installed were Phyllis Benoit, Bella Blankenship, Patty Brokaw, Donna Cain, Jo Ann Chinn, Terry Crawford, Sophie Dragulich, Carol Forney, Lori Houser.

Terry Jones, Kathleen Lane, Cathy Lee, Elaine Lockhart, Sheila Mangun, Carla Madhia, Shirley Mayfield, Marvonne Moehle, Kathy Parker and Joy Pope.

Karen Romine, Susan Sackett, Laura Smith, Paula Squires, Marsha Smith, Patty Staggs, Sharon Staggs, Sherry Stengel, Cindy Tadlock, Elaine Todoroff and Joan Young.

Installing officers were Miss Jacobsmeier, retiring queen, installing officer; Mrs. Sue Wagoner, past honored queen, guide; Cindy Todoroff, past honored queen, marshal; Mrs. Cindy Varwig, past honored queen, recorder; Carol Ann Luer, past honored queen, chaplain; Nell Seymour, musician; Sandra Devany, past honored queen, senior custodian; Mrs. Muriel Kratz, past honored queen, junior custodian; Baker, flag bearer; Eric Mills, soloist.

Usherettes were Miss Karen Carver and Miss Laura Tadlock and Miss Kathy Affolter attended the guest book. Miss Deby Baker, member of the Bethel, gave the Ode to the Flag.

Presentation of the jewel was made by Mrs. Sue Graham, past junior princess, as she escorted her sister Miss Lynn Jacobsmeier, junior past honored queen, for signing the Bible. Special guests included Mr. and Mrs. Harold Carver, parents of the new queen, her sister, Karen Carver, and grandmothers, Mrs. Eva Durham and Mrs. Allene Carver.

Also escorted and introduced were visitors from Wood River, Collinsville and Ironton, Mo., and Worshippful Masters Edward Lane, Granite City Lodge 877 AF&M, and Raymond Isom of Triple Lodge 835; Worshippful Master-elect, Robert Chinn of Triple Lodge; Earl French, worthy patron of Granite Chapter 650 OES and Mrs. Louise DeVoux, worthy matron of Wood River Chapter OES.

Songs that were sung during the ceremonies to the guest of honor was, "He" to the Honored Queen, "One God," senior

and junior princess, "Let There Be Peace" and to the retiring queen, "Impossible Dream."

Members of the executive Bethel Guardian Council attending were Mrs. Baskette, guardian; Dr. E. H. Theis, associate guardian; Mrs. Bonnie Sullivan, secretary; Mrs. Helen Christich, treasurer, and Mrs. Eleanor Todoroff, a past honored queen, director of music.

Members of the Associate Bethel Guardian Council included Dr. Amos Rode, director of finance; Mrs. June Fritz, director of Eparchs; Mrs. Muriel Kratz, director of sociability; Mrs. Pauline Dalhaus, director of paraphernalia.

Rev. Paul Surbye gave the benediction at the conclusion of the ceremonies.

After the installation, all who attended went to the downstairs dining room which was decorated in Yuletide theme. A small green Christmas tree and Santa Claus were used as table centerpieces with the exception of the main table which held a red and white giant Christmas

Junior Service Holiday Dinner

Madison Junior Service club members and invited guests held their annual Christmas party at Noah's Ark Tuesday evening.

Mrs. Earl Stanfill offered prayer prior to the dinner hour.

The tables were decorated in keeping with the Yule season. Five centerpieces of Christmas poinsettias and candles were given as prizes.

A ceramic Christmas tree which may be used either as a candy dish or ash tray was at each place setting.

A business meeting was held with Mrs. Rita Barnhart, president, presiding. It was announced that the members are to meet at the Madison recreation center Dec. 18 at 6:30 p.m. to pack candy treats for school children.

A donation was made for Christmas seals. The remainder of the evening was spent playing games, with prizes awarded to each winner. A gift exchange took place.

Members and guests seated were Mesdames Georgina Wagoner, Lewis Wagoner, Leora Thebeau, Emily Thebeau, Adrienne Marchal, Helen Holder, Marcella Obranovich, June Barham, Lavonda Barham, DeLoyle Rhoads, Ruth Nicholas, Charlene Burns, Judy Donaldson, Mesdames Rita Lybarger, Helen Daley, Judy Zeiselt, Ruth Bevil, Cleo Vaughn, Helen Purkale, Doris Paterson, Dorothy Smith, Elvera Stagner, Julia Voloski, Jean Voegeli, Beatrice Voegeli, Pearl Voegeli, Fay Little, Jeanette Kern, Peggy Crikovich, Rita Barnhart, Penny Quakey.

Medical Aidman Cited For Valor Under Fire

An Army medical aidman whose heroism under intense rocket attack saved the life of a wounded soldier recently received the Army Commendation Medal in ceremonies at Tay Ninh, Vietnam.

Specialist Five David T. Hopkins II, son of Mr. and Mrs. Leonard S. Hopkins, 300 Valley Drive, East Alton, former Granite City residents, was cited for heroism in action while engaged in ground operations against a hostile force on Sept. 6.

The serviceman, whose father is board chairman of First Granite City Savings and Loan, is expected home next week on a 30-day furlough. He will return to Vietnam in January.

The citation accompanying the Army Commendation Medal reads in part:

"Specialist Five Hopkins distinguished himself by heroic actions on Sept. 6, 1969, while serving as a medic with Company D, 4th Battalion, 23rd Infantry in the Republic of Vietnam.

"While established at their base camp, Company D came under an intense rocket attack, wounding a man. Immediately, Specialist Hopkins ran to the aid of the wounded man. With complete disregard for his own safety, Specialist Hopkins exposed himself to the incoming projectiles as he began to give life-saving first aid to his injured comrade.

"His valorous actions were responsible for saving a man's life. Specialist Hopkins' bravery, aggressiveness and devotion to duty are in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, the 25th Infantry Division and the United States Army."

The 21-year-old soldier was graduated from Roxana High School and attended Southern Illinois University-Southwestern prior to joining the Army in January 1968. He was assigned to the 25th Infantry Division in

HEROISM CITED. Sp4 David T. Hopkins II (right), son of Mr. and Mrs. Leonard S. Hopkins of East Alton, formerly of Granite City, receives the Army Commendation Medal for heroism in ceremonies at Tay Ninh, Vietnam. Congratulating the medical aidman is Major Igor D. Gerhardt, executive officer, 4th Battalion of the 25th Infantry Division's 23rd Infantry.

Quad-City Births, Deaths Hit Higher Ratio in 1969

The ratio of births and deaths in the Quad-City area during November continued to exceed that of last year, according to a vital statistics report by City Clerk Homer Pendleton.

The report showed a total of 103 births in November, up four over the 99 reported in October, but an increase of 21 over the 82 births reported in the same month of 1968.

November deaths in the area totaled 51, up 13 over the 38 occurring in October and up 15 over the 36 reported in November last year.

November births brought to 1969 the total number of births during the 11 months of this year, an increase of 102 over the 978 reported for the same 11-month period of 1968.

The 51 deaths last month increased the total for the year to 452, up 31 over the 401 occurring in the 11 months of 1968.

While there were no stillbirths in November, the total stood at 15 at the end of October, or three more than the total of 12 reported for all of the 1968 year.

Special Education Parents' Group Plans Workshop

The Parents Committee for Special Education will sponsor a workshop on Jan. 9-11 for all members, parents and interested citizens.

The workshop will feature activities and discussions on processes of organization, communication, decision-making skills, development of skills in negotiating with administrators and teachers; tactics to take in asking for services and gaining community support for programs.

Marsha Flowers, Mary Peacock and Tim Dee from the Mental Health Clinic will present the programs during the three days.

Hours set up for the workshop are from 6 to 10 p.m. on Friday, Jan. 9; 9 a.m. to 7 p.m. Saturday, Jan. 10, and 1 to 6 p.m. on Sunday, Jan. 11, but as yet, a location has not been secured. Final plans are to be announced later.

To defray the costs of the workshop, a rummage sale will be held this weekend with Mrs. Bernice Meyers serving as chairman.

TROOPS ENTERTAIN AT FESTIVAL OF GIVING

Over 100 guests attended the "Festival of Giving" of Neighborhood One Sunday at the Lee Park recreation center.

The festival opened with presentation of colors by Cadette Troop 485.

Junior Girl Scout Troop 456 started the entertainment with a play, "I Believe in Santa Clause." Leader is Mrs. Hattie Munk.

Brownie Troop 476 presented a play called "Old Fashioned Christmas" under the direction of Mrs. Evelyn Tolliver, leader.

Junior Scout Troop Three sang several songs and presented a puppet show and a nativity play. Leader is Mrs. Virginia Landwehrmeier.

Brownie Troop 410 led an audience participation story, aided by the leader, Mrs. Linda Noud.

Junior Scout Troop 456 sang several songs including "Santa Clause Is Coming to Town."

Brownie Troop 73 sang "Brownie Smile Song," followed by several other songs. Leader is Mrs. Kelly.

Brownie Troop 392 also sang a number of songs, including "We Wish You a Merry Christmas." Mrs. Irene Baker is the leader.

Cadette Troop 485 then returned to sing "Day is About." Mrs. Hortense Carnes is the leader.

A second presentation of the play "Old Fashioned Christmas," was given by Cadette Troop 14, under the leadership of Mrs. Mae Hendrickson.

Following the entertainment, a statuette was presented to Mrs. Jackie Frizel, past neighborhood chairman, in appreciation for six years of service. The presentation was made by Mrs. Linda Noud, current chairman.

The program was brought to a close by the arrival of Santa Claus, who greeted all the youngsters and distributed treats.

CLUB HOLDS CHRISTMAS DINNER, CRADLE SHOWER

Mrs. Dianne Hill, 4415 Wabash avenue, entertained members of the Gay Twenties Social club in her home Tuesday evening for a regular meeting and a Christmas dinner. A surprise cradle shower was held for two of the members, Mrs. Kathy Scholebo and Mrs. LaVerne Wimberly.

The hostess carried out the holiday theme in the table appointments. Bud vases containing poinsettias and greenery were at each end of the table, accented with red and white tapers. Red and green streamers and Christmas bells adorned the ceiling in the dining area and a dramatic tree served as centerpiece.

Preceding a covered dish luncheon, election of officers for the new year was held. Mrs. Dana Harper will be president. Mrs. Ann Moenke vice-president. Mrs. Hill secretary and Mrs. Scholebo, club treasurer. Hostesses were chosen for the entire year.

Mrs. Linda Nichols announced that, due to other obligations, she is taking a leave of absence. During a tree ornament contest, Mrs. Harper won a prize for the best handmade creation.

Secret pals were revealed at a gift exchange around the Christmas tree. New names were drawn for mystery partners.

Other members present were Mrs. Jane Scaggs, Mrs. Jo Ann Beyer, Mrs. Betty Pike and Mrs. Judy Rainwater. Mrs. Rainwater, 2128 Miracle avenue, will be hostess for the Jan. 13 meeting.

GOOD SHEPHERD CHURCH COVERED DISH DINNER

The Good Shepherd United Methodist Church, 3025 National avenue, is sponsoring a pot luck dinner Dec. 14 at 5 p.m., followed by a sing-along. The public is invited to bring a covered dish and join in the fellowship. Rev. Eugene Marritt is pastor.

Another activity over the weekend will be a candy sale Dec. 13 at local area stores, sponsored by the United Methodist Youth Fellowship. Proceeds will go toward church projects and events.

PREPARE YULE BASKETS

Brownie Troop 47, sponsored by the Niedringhaus PTA met at the school Tuesday under the leadership of Mrs. Jo Ann Dix, assisted by Mrs. Norma Macios, Mrs. Agnes Butler and Mrs. Barbara Schermer.

A business meeting was held and Mrs. Dix reminded the scouts of the Dec. 14 Neighborhood Three "Festival of Giving," to which parents are invited. All troops will participate in entertainment coordinated by Senior Troop 1177.

The troop turned in canned goods and donations for Christmas baskets, and the leader distributed Brownie catalogues. The remainder of the meeting was spent working on gifts for parents, and a "magic tunnel" concluded the session.

Answering roll call were Linda Bell, Jackie Bogasian, Stephanie Brandt, Mary Ann Colbert, Miti Daniel, Pamela Gray, June Hutcheson, Lor Jones, Janet Lewis, Karen Macios, Janet Powell, Sandra Schreiber, Susan Seilheimer and Sandy Thompson. Guests were Paul and Donna Macios and Diane and Timmy Dix.

TROOP 709 READY FOR FESTIVAL OF GIVING

Junior Girl Scout Troop 709, under the leadership of Mrs. Vivian Davis, 2829 Dogwood drive, met in the leader's home Monday afternoon for a regular meeting. The Frogs and Toads Patrol conducted the opening ceremony.

The scouts discussed the "Festival of Giving" program which will be held Sunday from 1:30 to 3 p.m. at St. John's United Church of Christ and the following were selected to trim the tree: Carla Morris, Shelley Edwards, Linda Vuncie and Brenda Bell.

Lisa Camp, Dorothy Mann, Karla Davis and Connie Funkhouser were chosen to present the troop's basket to the Protestant Welfare.

Also discussed was the troop's Christmas party Dec. 12 from 5 to 8 p.m., beginning with caroling around the neighborhood. Progressive refreshments will be served at different homes and the scouts will assemble back at the leader's home for the party and a gift exchange.

Work was continued on ceramic craft as each girl fashioned her own design. Mrs. Davis announced that at the next meeting, election of officers for the second half of the scout year will be held.

Attending were those mentioned and Tina Collins, Kelly Cottrell, Debbie Dutton, Debbie Grady, Karen Hoover, Vicki Oshia, Kim Page, Linda Parish, Vickie Preswood, Redona Reynolds, Nancy Stephens, Donna Stout and Carolyn Wilson.

CHRISTMAS DINNER AT TRINITY METHODIST

Ladies of Trinity Methodist Church held a Christmas dinner at the church Tuesday with their husbands as guests. Hostesses were the Women's Society members.

Rev. Clair Clark opened the program with prayer preceding dinner. The group enjoyed a social evening singing Christmas carols led by Mrs. Wanda Robell, accompanied by Mrs. Frances Holt at the piano.

Rev. Clark gave a Christmas prayer to conclude the festivities. The tables were set in traditional holiday decor.

Members and guests in attendance were Rev. and Mrs. Clark, Mr. and Mrs. Roy Luck, Mr. and Mrs. Glyn Hodge, Mr. and Mrs. Charles Homan, Mr. and Mrs. Darrell Talley, Mr. and Mrs. Jess Parks, Mr. and Mrs. Jimmy Dillard, Mr. and Mrs. Clem Whitaker, Mr. and Mrs. Luke Haggard, Mr. and Mrs. Gilbert Robell, Mr. and Mrs. Herman Raub, Mr. and Mrs. Leland Holt, Mrs. Mae Lee, Mrs. Leslie Watts, Mrs. Edith McCallis, Mrs. Thelma Gillis, Mrs. Aneta Brainard, Thomas Riggs and Alex Robell.

SCOUTS AWAIT FESTIVAL

Webster PTA's Junior Girl Scout Troop 704 met at the school Monday afternoon with the leader, Mrs. Mae Lee, assisted by Mrs. Elizabeth Griffin. The Pink Panthers Patrol led the opening ceremony with the pledge of allegiance, promise singing of "America."

Mrs. Lee reminded the girls of the "Festival of Giving" at St. John's United Church of Christ Sunday from 1:30 to 3 p.m. The troop is to assemble at the church by 1 p.m. Canned goods and donations were turned in for a festival basket.

Janice Van Gilder was selected to swap the troop's decorated basket during the presentation to the Protestant Welfare. Shelley Siebert, Karla Lee, Kern Tolun, Vickie Williams and Julie Forsy's ornaments were chosen to represent the troop, and they will help trim the Neighborhood Three Christmas tree.

Plans were made for a Christmas party and each patrol will be in charge of part of the preparations: Space Cadettes, decorations; Flirtations, games; Pink Panthers, favors; and Mission Incredibles patrol, refreshments.

Also discussed was a trip to the Anna-Henry nursing home in Edwardsville Dec. 20. The girls will make tray favors and other articles to take to the patients.

"Taps" and the scoutmaster's prayer conclude the meeting. Others present were Barbara Beavins, Cheryl Brinkley, Mary Chapline, Tammy Coberly, Enid Cox, Tammy Fritts, Carole Griffin, Terry Hill, Carmen Johnson, Carina Kuhn, Donna Louf, Jerri and Pam O'Dell, Linda Pool, Pam Sartin, Becky Schorffeld, Leisa Tervad, Susan Welty, Pam Williams and Patty York.

BROWNIES SENDING CARDS TO VIETNAM

Brownie Troop 492 of the Marshfield PTA met Tuesday afternoon in the home of the leader, Mrs. Verna Kidman, 2518 Faith avenue, for a week-long project which opened with the pledge, promise and smile song.

Secretary Christy Peach and Treasurer Janet Nunez conducted the roll call and Browns collected. The scouts worked on individual Christmas cards to send to a serviceman in Vietnam. Each girl selected a name from the Yule Mail Call listing.

The girls also worked on a basket, which they filled with canned goods and food staples for the Dec. 14 "Festival of Giving" for all Neighborhood Three troops.

Mrs. Stanley Edwards, president of the American Legion Auxiliary, and her daughter, Beverly, a Cadette scout from Neighborhood Four, presented the troop with an American flag, a flagpole and an eagle adornment. Mrs. Edwards distributed literature on proper care of the flag. Mrs. Kidman announced that a meeting early in 1970 will be devoted to learning flag etiquette.

The leader is advising parents of events to conclude the year, with a tree trimming at the Kidman home Dec. 16, a visit to the hospital Dec. 20 with a troop Christmas party Dec. 22. Lisa Piquard brought Christmas records and other records from home to provide entertainment for the afternoon.

The meeting closed with singing of "Taps." Others present were Pamela Constantine, Debbie Handlon, Laurie Hollaway, Carol Ann Kidman, Robin Salsgaver and Sharon Werner.

CHRISTMAS MEETING OF PHEBEAN CLASS

The Phebean Bible class of Calvary Baptist Church held its December meeting and annual Christmas dinner in the fellowship hall of the church Tuesday with 19 members and their guests in attendance. Rev. W. L. Showers read the Christmas story from the Book of Luke and led prayer preceding the covered dish luncheon.

The fellowship hall was decorated in a Christmas theme, using centerpieces of poinsettias, with floral arrangements. Holiday greenery was placed at each end of the dining tables, accented with red, green streamers and candles.

Mrs. Viola Jones, who prepared a Christmas cake shaped as a star and topped with an angel, gave a reading concerning the meaning of each feature of the cake; 20 red candles used at the star points represented the centuries since the birth of Christ.

The teacher, Mrs. Stella Rushing, sang a solo entitled "The Shepherd." A business

Traffic Tickets

Two passports were issued traffic arrest tickets Wednesday morning by Granite City police. Thomas Schofield of Centras was ticketed on a charge of disobeying a stop sign at St. Clair avenue and Edgewood drive, and Terry Gage, 2435 Delmar avenue, was charged with speeding in the 1600 block of Madison avenue.

The members answered roll call with scripture verses and the class gave a donation to the Little Moon church project. "Happy Birthday" was sung for Mrs. Mary Youngblood.

The meeting closed with prayer for the sick and for missionaries and servicemen around the world.

Others in attendance were Mr. and Mrs. John Taylor, Mr. and Mrs. Millard Dickerson, Mrs. Della Hubbs and her son, Carl Hubbs, Mrs. Elsie Thomas, Mrs. Della Elzer, Mrs. Cora Jaimet, Mrs. Ruby Fears, Mrs. Gussie Hessman, Mrs. Zula Cruse and Mrs. Elizabeth Knight.

The next meeting will be held in the home of Mrs. Rushing, 2616 Nameoki road, Jan. 13.

SEVEN PRIZE WINNERS in the Dress-A-Doll contest sponsored annually by Granite City Trust & Savings bank gather in the bank lobby where they received awards from Ernest A. Karandjef, bank president, shown with group. Left to right—Miss Lydia Jaeger, Mrs. Estelle Monken, Mrs. A. Haroian, Mrs. Linda Givens, who was grand prize winner; Miss Debbie Dutton, Karandjef, Mrs. Julia Lang and Mrs. Marie Szymcek. Mrs. Givens, as grand prize winner, received a \$50 U. S. Savings bond. Others received \$25 bonds. The 160 dolls entered in contest will be distributed by various agencies to needy children at Christmas.

FAC MEETING HELD
WITH MRS. WHITTLE

Mrs. Marie Whittle, 2032a Edison avenue, entertained the FAC Class of St. Peter United Church of Christ at a Christmas party Monday evening.

Christmas candles and evergreens decorated the rooms and refreshments were served by candlelight from a table holding red poinsettias and other reminders of the season. Favors were holly napkin rings.

After the exchange of gifts, the group played games, and prizes were won by Mrs. Thelma Markgraf, Mrs. Virginia Mc Lester, Mrs. Esther Ruth Zimmer, Miss Ann Soehlig and Miss Alice Bohnenstiel. Others present were Miss Myrtle Soehlig, Mrs. Florence Hadaller, Mrs. Freda Bennington, Mrs. Eleanor Patterson, Miss Thelma Weissborn and Mrs. Gladys Kadar.

Hospital Auxiliary's Yule Party, Officer Installation

The annual Christmas party of St. Elizabeth Hospital Auxiliary was held Monday evening in the "Dr. Weisman Room" of the hospital.

Dinner was served at 7 o'clock, preceded by a cocktail hour at 6:30. The room and tables at which the 60 members and guests were seated were decorated in keeping with the holidays; and after the meal, the new officers were installed by Sister Mary Thomas, hospital administrator.

RECENT BRIDE, Mrs. Carl McDowell, the former Kathy Knackstedt, whose marriage has just been announced.

Wedding is Announced

Announcement is made by Mr. and Mrs. Robert Knackstedt, 2311 State street, of the marriage of their daughter, Miss Kathy Knackstedt, to Carl McDowell, a son of Mr. and Mrs. Glen McDowell, 2414 Edwards street.

The ceremony was performed by Rev. Austin Twissmeyer and attendants were Mrs. Terry Gage and Russell Williams, an uncle of the bridegroom. A reception followed at the Knackstedt home.

Both young people are graduates of Granite City high school, and Mr. McDowell, an employee of the Granite City Steel Co., will leave in January for service in the U. S. Navy. The bride is employed in St. Louis.

The 1970 staff includes Mrs. Mary Kristian, president; Mrs. Margaret Lee, first vice-president; Mrs. Bea Oonk, second vice-president; Mrs. Armella Seiter, corresponding secretary; Mrs. Marjorie Strauss, recording secretary; Miss Marie Zimmer, general treasurer; Mrs. Mabel Gaston, coffee shop treasurer; and Mrs. Verna Lengyel and Mrs. Margorie Norwood, board members.

After the installation, a musical program was given by the New Life Singers.

A cash donation was made to the Sisters for the purchase of toys for needy children, and prizes of Christmas centerpieces were awarded to 12 persons.

Employees of the F. W. Woolworth store attended their annual Christmas party this week at the Rose Bowl restaurant, honored a special guest, Ray Wooden of St. Louis, a 45-year employee of the company.

The honored guest who plans to retire soon was presented with a book of letters from other managers and friends and several gifts.

Others honored during the festivities were Louie Lowright, manager of the local store, who celebrated his birthday and was given a decorated cake, and Michelle Hogan, named Woolworth's Anniversary Queen. The daughter of Mr. and Mrs. Michael Hogan of Granite City, she received a charm as a gift.

Table centerpieces and place cards were in the yuletide decorating theme and candy favors were used at each appointment. Dinner was served to the following guests: Tommy Young of Texas, J. W. McKencie, Mr. and Mrs. Andrew Zetzwang, Mr. and Mrs. Bud Freedman, Mr. and Mrs. Bud Goldstein, Mr. and Mrs. Al Wakefield, Mr. and Mrs. John Lundberg, Mr. and Mrs. Sam Johns all of St. Louis, Mr. and Mrs. Harry Pitcock, Mr. and Mrs. Glen Leach, Mr. and Mrs. Flora McCullough of Kirkwood, and Mr. and Mrs. Jimmie Doyle of East St. Louis.

Local guests and employees who attended were Mrs. Lewright, Richard Cremer, assistant manager, Glen Leach, Mr. and Mrs. Frank Schwallier, Mae Hogan, Irene Stinchfield, Juanita Williams, Dorothy Ellis, Mary Deedes, Elsie Jackson, Mary Peters, Lula Frost, Verna Spurrier, Mayme Hunter, June Cloudy, Violet Miller, Betty Hahn, Betty Bringer, Louis Hommert, Roberta Crook, Frances Peute, Pauline Slater, Christine Ahlers, Mary Lou Wilson, Ruby Johnson, Evelyn White and John Polak.

Gifts were exchanged and entertainment was provided by the Eagles Kitchen Band.

WCSO Hears Christmas Story

The Women's Society of Christian Service of Niedringhaus United Methodist Church met Tuesday evening at the church.

Mrs. Maurice Hemphill, president, introduced Mrs. Elmer Frohardt, who gave the Christmas story "The Well of the Star," by Elizabeth Gouge. Mrs. John Schroeder of the Church, Women's United, expressed appreciation of the group for the gift of \$75 to the "Nativity New" center.

Mrs. Velva Pieper reported on the success of the recent bazaar, and need was expressed for coats for teenagers to be distributed at the Center. Announcement was made of the School of Missions to be held throughout January, beginning with a family covered dish supper each night. The men of the church will have a ham and eggs breakfast in Wesley Hall at 7:30 on Dec. 20.

Faith Circle, Mrs. Mary Groshong, chairman, was in charge of refreshments.

Washington PTA Plans Party

The Washington school PTA held a regular meeting and Christmas party Monday evening with Mrs. Phyllis Ficker, vice-president, in charge.

The meeting opened with the PTA prayer led by Rev. Henry Crippen and plans were made for a Christmas party for the children. After the business hour, a Christmas program was given by the pupils of the fourth grade and refreshments were served in the cafeteria to about 100 persons.

The prize for the evening went to Vincene Zerlan.

WINTER BRIDE-TO-BE. Miss Sandra Kay Mabry, whose engagement to John E. Jones is announced.

BRIDE-TO-BE. Miss Georgeia Wagner, who will be married to Clifford Boker.

Miss Wagner Is Engaged

Announcement is made of the coming marriage of Miss Georgeia Wagner, a daughter of Mrs. Helen Martin, 2208 Benton street, and Wayne Wagner of Ludington, Mich., and Clifford Boker, whose parents are Mr. and Mrs. Alonzo Boker of Ziegler, Ill.

Miss Wagner and her fiancé are graduates of Granite City high school. Their wedding will take place Dec. 20.

A breakfast for members and guests is to be held Dec. 15 in the home of Mrs. Richard West on Twenty-seventh street.

Jones-Mabry Engagement

Mr. and Mrs. Henry Mabry, 4804 Warnock avenue, are announcing the engagement and coming marriage of their daughter, Miss Sandra Kay Mabry, to John E. Jones, a son of Mr. and Mrs. Richard R. Jones, 446 Highway 111.

Miss Mabry will graduate in January from the Granite City high school. Her fiancé, a June 1968 graduate of the local high school is employed by the Quad-City Glass Co. The wedding is scheduled for Feb. 14.

Holiday Party For HT of PEO

Mrs. Leo Konzen and Mrs. Irvin Slate were co-hostesses to Chapter HT of the P.E.O. Sisterhood at a Christmas party and luncheon in the Konzen home on Princeton drive Monday.

Eighteen were seated at tables adorned with seasonal decorations and candles. Favors were, cornucopias filled with evergreens, and after the luncheon a gift exchange was held, and a Christmas program was given by Rev. Paul Surbey, pastor of St. John United Church of Christ.

A contribution was made by the group to the P.E.O. Home, and another to the Educational Fund of the Chapter.

A breakfast for members and guests is to be held Dec. 15 in the home of Mrs. Richard West on Twenty-seventh street.

Fires Damage 3 USO Centers in Vietnam

Fires have caused extensive damage to three USO centers in Vietnam in recent months, it was learned this week by Ray Uram, local USO representative.

Uram, who is employed in the downtown offices of Illinois Power Co., said he was advised that an unexplained fire destroyed more than 50,000 items in the Saigon USO facility, causing more than \$50,000 damage to equipment and supplies.

"There have been unexplained fires at two other USO centers in Vietnam, and officials believe it is not just a coincidence. Other centers damaged by fire are the Danang Coffee Bar and the Freedom Hill USO Club," Uram said.

The Saigon USO Club opened in April 1963 and was the first USO facility in Vietnam. It is located on Nguyen Hue, one of the main thoroughfares in Saigon and has an average of 30,000 servicemen visits each month.

Buddy Davis Named to Labor Law Commission

Buddy W. Davis, representative at the United Steel Workers of America subdistrict office here, is one of nine public members, appointed by Gov. Ogilvie to serve on the Commission on Labor Laws.

The commission was formed by the 78th General Assembly to study labor and employment laws of the state and make legislative change recommendations. The unsalaried members will serve until 1971. Chairman for the committee will be Senator William C. Harris (R) from Pontiac.

State Rep. Leland J. Kennedy (D) Alton will serve with seven other members of the Senate and House appointed this week by Senate President Pro Tempore W. Russell Arrington and Speaker Jack E. Walker.

MISS EULALIA HOTZ
State President

Eulalia Hotz Heads Illinois County Officials

Miss Eulalia Hotz, Madison county clerk for the past 27 years, has been elected as the first woman president of the Illinois Association of County Officials during the organization's annual winter convention in Chicago.

Miss Hotz's election to the association presidency also marks the first time a Madison county official has served as head of the association.

The election was held in final business sessions of the three-day convention held in Chicago. A large delegation of Madison county officials attended. The Association is the parent body of all other county officials' associations for specific officeholders.

In accepting the presidency, Miss Hotz admonished the county officials to keep in close contact with their local Con-Con delegates and with the subject matter of the Constitutional Convention, "particularly concerning the preservation of local government at the grass roots." She stressed efficiency in county government and service to the people as the main objectives of county officials.

She asserted later to her local associates that "I am extremely happy to be able to bring this honor to Madison county." Miss Hotz had to serve in all other six offices of the association before becoming eligible for election as president.

Miss Hotz lives in Edwardsville and has worked a total of 43 years in the county clerk's office, as an employee for her father, later as a deputy to her brother and then as county clerk when she was elected in her own right in 1942.

SIU's Trustee Board To Meet Saturday

Southern Illinois University board of trustees will meet Saturday at 9:30 a.m. in Ballroom C of the University Center, Carbondale, rather than at the president's office, as previously announced.

Board Chairman Lindell Sturges of Metropolis called for the change to a larger meeting place when he learned a delegation of Carbondale residents planned to attend the meeting. Mayor David Keene and City Manager William Norman will present a request for additional annexation of University land to the city of Carbondale.

Madison HS Band to Give Holiday Concert Sunday

The Madison senior high school band will present the first in a series of three concerts on Sunday afternoon, in the high school auditorium at 3:15. Tickets for the series are now on sale by the band members.

Yuletide decorations will be used in the auditorium in keeping with the holiday season.

A featured number will be a Christmas story entitled, "The Toy Shop" which will be narrated by senior band member, Jackie Adams.

Other selections will include the overture to the opera "Or-

Con-Con Election Judge Pay Checks Available

Pay checks for election judges who worked in last month's Constitutional Convention delegates special vote are now available at the office of Granite City Township Supervisor Nelson Hagnauer, 1908 State street.

Also available are checks for payment of polling place rental.

Parties for Children Planned at Army Depot

The Granite City Army Depot will host a Christmas party for children of the Depot family, both civilian and military, on Saturday, Dec. 13, in the Post Theater building T-104.

Two parties are planned to accommodate two age levels. One will begin at 10 a.m. for children up to 10 years of age and an afternoon party for children from 10 to 16 years will start at 2 p.m.

An hour of cartoons will be shown to the younger group and a movie for the afternoon affair. Santa Claus will arrive to present each guest a Christmas bag filled with candy and fruit.

Party is Planned For MCARC Children

A party for pupils of the mentally retarded class taught at St. John's Methodist Church in Edwardsville will take place in the classrooms on Dec. 23.

Francis J. Carlin, president of the Madison County Association for Retarded Children, in announcing the party said there are seven children enrolled in the school, four from Edwardsville and others from Staunton, Granite City and Venice.

A visit from Santa Claus will highlight the afternoon followed by refreshments. The youngsters will make their own Christmas decorations a gain this year.

Long Delay Likely in Naming Levee Trustee

The Madison county sector of the East Side Levee and Sanitary district, which is made up primarily of the four Quad-City townships, apparently will continue without a second member on the district's board of trustees, at least until 1971, according to a theory advanced in Democratic political circles.

The opinion grows out of Gov. Ogilvie's failure to call a special election to fill a levee board vacancy created earlier this year by the death of Joseph Grant of Granite City. Such election was expected to be called in connection with next year's primary and general elections, particularly since levee board members are elected on a partisan basis.

Five elective members make up the levee district board of trustees—three elected from the St. Clair county area of the district and two from the Madison county section of the bi-county district. The three-to-two division of membership is based on assessed valuation of the two parts of the district, with the three memberships going to that section with the largest value.

3-6-1 Division
In the November 1968 elec-

tions, voters in the Madison county area elected Grant and William "Mike" Ebersold of Venice to new four-year terms, while levee district voters in St. Clair county re-elected their three board members, Lawrence Campbell, George Duff and Lawrence Tolar. All are Democrats. Grant's death this year left Ebersold as the sole Madison county representative of the district and created a three-to-one division on what is now a four-man board.

With almost three years of the trustee terms still to be served, Democrats at first believed the governor would issue a writ of election for choosing one levee board member from the Madison county area next year to fill the vacancy.

With the opening last Monday of the primary election filing period without a special election call, Democrats are now convinced that the governor will take no action on the vacancy until 1971 when the governor may then appoint a member rather than fill the vacancy by election.

Governor Can Appoint
Under law governing levee district operations, any vacancy on the board of trustees could

be filled by appointment by the governor if there is less than one year of the term to serve. In the event the remaining term is longer than one year, however, it may be filled only by a special election. Such an election can be called only by the governor.

Consequently, the Democratic theory goes, Gov. Ogilvie, by neglecting to call a special election before 1971 then could appoint a Republican to the board for the remaining one year of the term. Because of the Democratic strength in the area from which the member would be elected, another Democratic board member would be an almost certain result of a special election.

If this reasoning should hold true, it would be the first time in many years that a Republican found a spot on the levee district board. St. Clair county's three board members are elected by voters of East St. Louis, Canton, Stites and Centerville townships, all predominantly Democratic. The same holds true of the Quad-City area from which the two Madison county members are elected.

Plight of Indians To Be Programmed

One of the most neglected groups in American history, the American Indian, will be the subject of a 10-part series to be telecast at 6:30 p.m., Sundays, and 9 p.m., Mondays, beginning the week of Dec. 21, on Kete, Channel 9.

Indian spokesmen from six states will try to present a truer image of the American Indian than that presented in movies and comic books, and they will also "tell the truth about what the American people have done to the Indian." The series is titled "Silent Herd" and will be a book and viewer's guide, Channel 9 members may send \$3 to Kete, 6966 Midbrook, St. Louis, Mo. 63130. Nonmembers may send \$13 to enroll, receive the series materials, and become Channel 9 members.

GC School Operating Funds To Earn \$134,417 in '69-70

Investment of regular school tax funds is expected to net \$134,417 for the Granite City school district during the 1969-70 year.

Comptroller Victor G. Anderson reported to the school board Monday night that the district has received \$6,427,539 in tax collections from the 1968 levy, for which tax bills were issued in the spring of 1969.

The \$6,427,539 figure represents 98.4% of the 1968 levy and 93.6% of the 1968 tax extension, Anderson noted. "Such funds are exclusive of bond issue money and represent cash receipts from tax sources for the current support of the education, building, junior college, municipal retirement, transportation, working cash and bond and interest funds."

Timed for Date Needed

"As has been past practice, portions of such tax collections have been invested as received, with the investments scheduled for maturity on the estimated date of the need for actual cash," the comptroller said. "Thirty-two separate maturities have been scheduled. As-

suming that all investments can be held to maturity, net interest earnings for the district in the current year will be as shown below.

"Education fund, 15 maturities, \$102,837 interest; building, three maturities, \$6,127; transportation, five, \$4,098; bond and interest, two, \$12,168; working cash, one, \$388; junior college, two, \$328; and municipal retirement, four maturities, \$2,017, a total of \$134,417 interest."

Based on the assessed valuation of the school district, \$219,265,305, against which this levy was extended, and with allowance for a 5% loss and collection cost factor, an additional tax rate of 6.453 cents per \$100 of assessment would have been required in order to produce a comparable amount of revenue.

"Both School Treasurer Arthur L. Metcalf and our depository, the Granite City Trust & Savings Bank, have been most cooperative in expediting purchase of investments in order that a maximum return for the district could be realized."

Con-Con Elects President, Opens Debate on Rules

Illinois Constitutional Convention delegates elected Samuel W. Witwer, Chicago attorney, as president in their initial session Monday, then became embroiled in a rules dispute over whether the convention should, or could, elect more than one vice-president.

The 116 convention delegates—two from each of the state's 58 senatorial districts—were convened in Springfield Monday by Gov. Richard B. Ogilvie, who served as chairman until the delegates could elect a president.

Witwer was assured the two convention post after he was elected temporary chairman by a large majority. He received 88 of the 116 possible delegate votes, while 15 went to former state Sen. David Davis of Bloomington and ten to Leon Foster of Chicago. Three delegates abstained from voting.

The delegates then delayed election of other convention officers until it adopts permanent rules.

Names Rules Committee
Witwer immediately named a Rules committee which went into three hours of hearings Tuesday on a set of rules proposed by the constitutional study commission of the General Assembly.

The delegates reconvened in regular session at 3 p.m. Tuesday, but they took no action on the proposed rules when differences arose over the election of one of more vice-presidents and whether the office of president should be a "strong one" with

Kiwanis Further Plans For Drug Abuse Workshop

Phillip A. Theis, chairman for the Kiwanis Committee on Drug Abuse, announced plans for the Jan. 10 drug abuse workshop to be held at SIU-SW campus.

During Monday night's dinner meeting at the Rose Bowl, Theis said Percy Shue, secretary of Kiwanis International, will be one of the featured speakers.

The local club members will distribute informative materials on the subject of drugs at the workshop, which is expected to attract from 300 to 500 school

power to name committee members and chairmen, or whether a separate committee on committees be set up to perform this function.

Opponents of the committee plan contend that it would take months before a committee could work out a set of committee appointments.

Although the constitutional convention enabling act provides for one vice-president, a number of delegates favored more than one vice-president on a regional or sectional basis.

Will Ask Opinion
The convention decided to ask Attorney General William J. Scott for an opinion in the matter and then adjourned until next Tuesday, although the rules committee was to hold additional sessions before that time.

Parish politics developed in the opening hours of the convention when a group of Democratic delegates led by Richard M. Daley, son of Chicago Mayor Richard J. Daley, sought to censure Gov. Ogilvie for publicly discussing convention issues before the convention convened.

Young Daley sought adoption of a resolution asserting Ogilvie was attempting to influence the delegates by pre-convention statements, particularly in regard to revenue and home rule provisions. The move was defeated 71 to 42. Mayor Daley was seated on the convention floor at the time as one of the distinguished guests.

The opening session was attended by all 116 delegates and three former Illinois governors—William G. Stratton, Otto Kern and Samuel Shapiro.

educators, officials and law enforcement officers.

In an effort to combat the widespread use of drugs, by students, the local committee is meeting with school officials in this area trying to provide teachers and principals with data on combating the drug problem of a preventative-educational basis.

Similar programs are being carried out by Kiwanis clubs throughout the United States and Canada.

Illinois Gov. Ogilvie presented Marvin Himmel, Chicago, Governor of the Illinois-Eastern Iowa District, Kiwanis Clubs with a proclamation which he signed calling upon Illinois citizens to declare 1969-70 to a war against drug abuse through participation in the Kiwanis International Operation Drug Alert program.

The proclamation was signed in the governor's Chicago office recently in the presence of Rev. Herbert C. Peterson, Deerfield, secretary of the Illinois-Eastern Iowa District and R. P. Merriew, Chicago, secretary of Kiwanis International.

Operation Drug Alert is a program designed to inform the public in general, parents, teachers, and students at all levels in particular, on the extent, kinds and dangers of drug abuse.

The program began in Illinois and throughout the United States and Canada on Oct. 1 following a survey of 500 U. S. and Canadian leaders who were asked what, in their opinion, was the most pressing problem of the day. The consensus was the problem of drug abuse.

The club president Ed Moore, announced during the business session that members who participated in the annual Salvation Army Tree of Lights campaign by serving as bell ringers at designated places in Granite City had collected \$221.

All proceeds donated to the Tree of Lights, are used to provide needy families with canned foods, clothing and toys at the Christmas season.

Also discussed was the Christmas dinner given annually for members, their wives and guests. It will take place Monday evening at the Rose Bowl.

Vandals Blamed for Kirkpatrick Car Fires

Increasing vandalism at Kirkpatrick Homes was suspected as the cause of the burning of a 1959 auto owned by Walter Cartwright, address unavailable, while it was parked in the area of 4400 Kirkpatrick Homes at 12:10 a.m. Tuesday.

The auto was a total loss, with damage set at \$200. The fire department said it has had quite a few runs to the housing project on auto fire reports, though previously, the damage was limited.

Firemen also were called to the Speed Queen laundromat, 649 Niedringhaus avenue, at 5:40 p.m. Tuesday as a burned out motor in a drier caused damage of \$50.

Sunday Services at Christian Scientist

"He sent His word, and healed them, and delivered them from their destruction," a passage from Psalm is to be included in the Christian Science lesson-sermon entitled, "God the Preserver of Man," this Sunday at the First Church of Christ Scientist church, 2560 Delmar avenue.

Also to be included in the 10:45 a.m. service is a passage from the Scriptures: "The history of Christianity furnishes sublime proofs of the supporting influence and protecting power bestowed on man by his heavenly Father, omnipotent Mind, who gives man faith and understanding whereby to defend himself, not only from temptation, but from bodily suffering."

DAVID F. MALLET

Mallett is Named to Ainad Temple Board

David F. Mallett, Past Potentate of Ainad Temple, has returned to the executive board of the Temple as the Recorder to replace Bob Miller, P.P., who recently retired.

Mallett, a Collinsville auto dealer, resides in Troy, and served Ainad in 1961 as Potentate of the 8000 members in southern Illinois. He will serve as recorder by designation until the January election.

He was installed at the last regular meeting by J. William Harrington and J. C. Nichols, past potentates. The new officer has been a member of Ainad Temple since 1937.

Ortolan on 'Jump' Maneuver in Turkey

Paratroopers of the 82nd Airborne Division returned to Fort Bragg, N.C., late last month after spending four days in Turkey participating in the North Atlantic Treaty Organization's Exercise "Deep Furrow II."

Sp4 John D. Ortolan, 20, son of Mr. and Mrs. Russell E. Ames of 3238 Carlson avenue, was one of some 1000 soldiers from the division and supporting units that parachuted into northwestern Turkey on Oct. 22 to conduct a simulated assault. He is an infantryman with Headquarters Company of the division's 1st Brigade.

The exercise, which was held Oct. 17-26, featured a Naval exercise in the Mediterranean in addition to the land maneuvers in Turkey. "Deep Furrow II" was the second long distance exercise for the 82nd this year. In March more than 2000 division paratroopers jumped into the Republic of Korea during exercise "Focus Retina," the longest distance airborne exercise in history.

3 Sets of Brothers in Yule Mail Call

Three sets of brothers—one pair serving together in Vietnam, a second pair in Europe and the third in Japan—will be included in today's "Yule Mail Call" list. The Press-Record's listing is open to all military personnel stationed overseas and at home.

Two Granite City brothers, Sp4 Edgar A. Kayser Jr., and Sp4 Richard W. Kayser, whose addresses appear today, are serving in separate Army units at Chu Lai, Vietnam.

The brothers visit one another frequently and are "very pleased to be stationed so near each other," according to their parents, Mr. and Mrs. Edgar A. Kayser sr., 3115 Rodger avenue.

Edgar, 21, a medical records clerk at the 27th Surgical Hospital at Chu Lai, joined the service in March 1968 and arrived in Vietnam last January. He is due home the first part of February.

A 1965 graduate of Granite City high school, Edgar attended Southern Illinois University-Southeast before entering the Army. He also was employed by Dow Chemical Co.

His younger brother, Richard, 20, was graduated from the local high school in 1967. He enlisted in the Army in May 1968, six weeks after his brother. He was based in Germany for six months, but requested reassignment to Vietnam in August.

A radio operator with the 18th Light Infantry Brigade, Richard spends considerable time in the Chu Lai area, where he is frequently called to a unit fire base some distance from the coastal city, which lies south of Da Nang and the northern sector of Vietnam.

The Kayser's younger son, Sp4 Edgar A. Kayser Jr., 19, prior to enlistment. Both servicemen were members of Padri's Swim Club.

Additional lists of servicemen and women's names and addresses will be published in each edition of the newspaper, as information becomes available, through Christmas week.

Those submitting addresses to the pre-Christmas service are asked to send in the details by letter or postcard or bring the written information to the Press-Record, 1815 Delmar avenue. Addresses also are being accepted by telephone in an effort to get all names before the holidays.

Two Air Force brothers who were serving together in Vietnam last Christmas are still in Southeast Asia, but out of the combat area.

Sgt. Dale L. Keel is based at the U.S. Air Force Hospital in Japan. His brother, Tech. Sgt. Donald R. Keel, is stationed with his family on Okinawa.

The grandsons of Mr. and Mrs. Gilbert Ellis sr., 723 Twenty-sixth place, also have their families with them overseas.

Sgt. Larry E. Ellis and his wife are residing about 90 miles from London, England, where the serviceman is based with the 7519th Combat Support Squadron.

His brother, Army Pfc. Dennis Michael Ellis, and his wife, the former Miss Kathy Wasyiak of Granite City, are in Germany. Pfc. Ellis is a member of the 27th Artillery.

They are the sons of Mr. and Mrs. Lawrence Ellis of Troy, formerly of Granite City. Both servicemen attended local schools.

Water Rate Hike Hearings to be Held Next Week

The hearing on the 47% rate increase sought by East St. Louis & Interurban Water Co. is scheduled to be resumed next Wednesday and continue through Friday, Dec. 19.

The initial hearing on the water company's rate boost petition was conducted early in September, and then continued to Nov. 17. However, the November hearing was postponed at the request of the large Water Users Association made up of large industries in the area.

Objections to the rate increase have been filed with the Illinois Commerce Commission by the municipalities of Granite City, Madison and Venice, along with other cities in Madison and St. Clair counties that are served by the utility.

Next week's hearings are to be held in the offices of the Illinois Commerce Commission in Springfield. Additional sessions are scheduled for Jan. 7-8, also at Springfield.

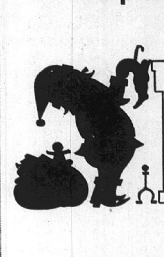

Leaves Lo!, Collides

The left rear side of an auto driven by Meredith H. Kemmerly, Hollywood Heights, was struck by a car driven by Herbert E. Buzan, 1716 Cleveland blvd., who was leaving the parking lot at the Rose Bowl restaurant to enter Nameoki road at 12:05 a.m. Wednesday.

Band Concert Scheduled Sunday At Assumption

Assumption high school, 950 Kingshighway, East St. Louis, will sponsor a Christmas Concert this Sunday, Dec. 14, at 3 p.m. in the school gymnasium.

The high school band is under the direction of Philip M. Atkins and a newly formed Glee Club directed by Donald P. Boevingh also will perform. A parochial band, directed by George Johnson of Granite City, with students in the fourth grade through the eighth grade will present several seasonal selections.

Admission to the concert will be 50 cents for adults 25 cents for students. Season tickets for four concerts will be sold at the door. A family pass will be \$2.50 and a single adult pass \$1.

109 Handicapped Youth Entertained at Party

The Granite City Association for the Retarded, aided by several local service groups, hosted the "biggest and most successful" Christmas party ever given for local handicapped children. It was announced this week by Mrs. Georgia Coccage, association president.

A total of 109 handicapped youngsters was entertained at the affair, in the fellowship hall of St. John United Church of Christ.

Many who attended were students from special education classes in the Granite City school system, others were homebound pupils and the remainder pre-school-age.

Santa Claus presented gifts to the youthful guests who were entertained by the Eagles' Kitchen Band and a reading of "The Christmas Story" by Mrs. Vivian Dine.

A huge Christmas tree, decorated by the two local Optimist clubs, was decorated by members of the Junior Maecenas Club. The women's group also provided favors for each child and served as hostesses during the party.

Mrs. Nelma Black of the Granite City Association served as general chairman for the event.

Enrollment Limit In 1970 Seen at SIU-SW Campus

An enrollment increase of 43% in two years, coupled with a construction moratorium which has delayed the start of any new academic buildings, may force Southern Illinois University-Southwestern to limit enrollment for the fall quarter of 1970.

Campus officials are predicting an enrollment next fall of about 13,700, which is considered the absolute maximum in present classroom facilities. "We will not be able to shoe-horn any more students into classrooms that we will have available next fall," James M. Comer, assistant to the chancellor for academic affairs, said.

The campus' educational day now stretches from 8:30 a.m. to 10:20 p.m. Monday through Friday. Additional classes are already being scheduled on Saturdays and during the mid-afternoon hours which are usually shunned by students, many of whom must work to finance their education.

Space planners are hopeful that the Alton campus may be able to accommodate a small number if the enrollment tops the 13,700 projection. However, the new School of Dental Medi-

Sir Kelly Demonstrates At Explorer Post Meet

"To Bite or Not to Bite"—that was the question at the Explorer Post Ten Four meeting last week.

Police Officer Ronald Grzywacz and K-9 dog Sir Kelly staged a lecture and demonstration on the work of a trained police dog. They were assisted by Officer Charles Bridick who volunteered as the "bad guy."

Sir Kelly has been with the Madison police department

since November 1963. Capt. Frank Dutko was his handler for two years after taking a four-week training course with the dog.

When Officer Grzywacz became K-9 officer, Capt. Dutko passed his training knowledge, and the transition period from one handler to the other took nine weeks of every-day contact and work with the dog.

Sir Kelly is trained to attack on command. He also will attack anyone threatening his handler in the slightest way. Sir Kelly hates guns in the hands of anyone except his handler and would give his life protecting Officer Grzywacz. Although he is like any other pet with his handler, he is not in any way friendly with anyone else. Sir Kelly also will accept food only from his handler.

After the demonstration, post members wanted to award a medal of heroism to Officer Bridick for his "bad guy" role. Officer Grzywacz is treasurer of the Madison Lions Club which co-sponsors the post which is the police department. The special interest of the post is the area of law enforcement. Officer Bridick is a member of the Explorers adult committee. The post meets at 7:30 p.m. on the second and fourth Wednesdays at the Madison police department. Any Quad-city youth interested in law enforcement who is in high school and at least 14 years old is welcome.

REV. L. C. COATS

- Pentecost is not a denomination, but is a Move of God!
- America must have that Move or we face doom.
- We invite you to hear the Rev. L. C. Coats, who served as chaplain in the Korean War, tell how he received the Holy Ghost in a fox hole.
- This man survived a plane wreck and a ship wreck.
- This man ministered in a church where 150 were killed, because they believed in Christ.

★ Would you break down your tradition, turn off the television and come hear a man preach who will make you cry one minute and laugh the next?

★ He will be telling his life story during this Revival.

★ Come and rejoice with us at what God is doing.

25 Graduate Degrees Available at Campus

In 1962 no one could earn a graduate degree at Southern Illinois University-Southwestern, but times have changed.

This year there are 25 different graduate degrees available at SIU-SW, including three sixth year specialists in education.

Graduate study was available before 1962, but degrees were confirmed at the older Carbondale campus.

Things have changed. According to Donald Meyer, assistant dean of the Graduate School, this fall there were 2332 persons enrolled in the graduate school. Not all were seeking degrees. The breakdown is almost half and half, with 1271 seeking degrees and 1061 non-degree seeking students.

Dean Meyer points out that growth has been the rule. In 1969 four new degrees have been offered. Included are the masters in fine arts, master of arts in philosophy studies, and the masters in business administration.

Two programs are offered for the MBA. One is the regular academic format on the cam-

pus. Recently, the MBA was approved to be offered in an off-campus program for men of the Mutual Artistic Command.

In 1968 four new degrees were approved. The same number was approved the previous year. In 1966 three new degrees were added.

The first degree available was the Master of Science in Education. Persons may major in counselor education, educational administration, elementary education, special education, or any number of teaching areas in secondary education.

The sixth year specialist in education was first offered in 1964. Specializations are available in educational administration, secondary education and counselor education. A specialization in elementary education is pending action by the SIU Graduate Council.

Other degrees and majors available are: M.A. and M.S. in geography; M.A. and M.S. in biological science; M.A. in English; M.A. and M.S. in mathematics; master in music education in music education; M.S. in physics; M.A. in government; M.A. in history; M.A. in psychology; M.A. and M.S. in behavioral science; M.S. in chemistry; master of fine arts in fine arts; M.A. and M.S. in economics; M.A. in philosophical studies; M.B.A. in business administration; M.A. in sociology.

Roca Club Plans Holiday Carols, Party on Dec. 23

The Roca Young Men's Club is planning a series of Christmas festivities Dec. 23 under the supervision of Mike DeRube, chairman.

Beginning the series of seasonal events will be caroling during the early evening in downtown Granite City.

At 8 p.m., the club is to gather at the home of Brad Cross, 1623 Pontoon road, to sing in various neighborhoods. Member Harry Diak is to dress as Santa Claus and distribute gifts to passersby. After the caroling, an informal Christmas party is to be held at the Cross residence.

The Roca Raiders park league basketball team won its first game of the season against St. Margaret Mary's 64-46. The Raiders maintained a strong lead throughout, gaining an extra six points in the second quarter.

High point scorers were Tom Rushing with 18, Rick Gardwell, 16, and Dave Evans, 10.

The second game was set with the Young Life Lakers.

Ralph Thompson, vice-president, reported that in this week's score contest members will interview past Roca presidents to construct a special album of Roca history. Thompson also announced the new chairman for each phase of the Score program for the upcoming term.

They are Mark Rigby, service to home; Tom Eaton, curriculum; obligation to be announced by the board; Rick Townsend, respect; and Ken Cardwell, excellence in example. Helping to supervise the program is advisor Earl Parsons.

A dating panel was conducted last week under the direction of Dave Brewer, second director and club betterment chairman, at the home of Sweetheart Debbie Seebold. Also participating were Sweethearts Barbie Berger, Diane Harper, Cheryl Brinkmeyer, Nancy Sternberg, Pam Peters, Deb Portell and Parsons.

Also on the Roca agenda are rehearsals for club entries in the GCHS Student Council talent show to be held in January.

Under the direction of Rich Diak, members and sweethearts are rehearsing at the Moose lodge in preparing for the tryouts to be held Dec. 12 and 19 at the high school.

Members also are to assist the Red Cross with baskets and trees Saturday at St. John United Church of Christ.

Member Dave Evans was honored for receiving second team rating on the all-conference football team.

Nine Days Off for GC Pupils During Holidays

Despite the fall teacher strike, a bit of a Christmas-New Year's vacation will be enjoyed by Granite City students and faculty members this year.

The revised calendar had included only Wednesday-Thursday holidays in two consecutive weeks—Dec. 24-25 and Dec. 31-Jan. 1.

On Monday night, the school board designated the intervening school days as holidays—Dec. 26, 29 and 30. Together with the usual weekend days off, Dec. 27 and 28, this creates a nine-day span in which no classes will be taught.

As the calendar now stands, pupils will attend school on the first two days of Christmas week, Monday, Dec. 22, and Tuesday, Dec. 23. They will report back on Friday, Jan. 2.

The law regarding the school calendar does not permit the June term expiration to be advanced but five days were available for declaration as non-attendance days for children and for certificated personnel who work less than 12 months.

In using up three of the five for Dec. 26, 29 and 30, the board retained two days for "emergencies" or other days deemed worthy later in the school year.

Members also are to assist the Red Cross with baskets and trees Saturday at St. John United Church of Christ.

Member Dave Evans was honored for receiving second team rating on the all-conference football team.

Two Hong Kong Girls Studying Music Here

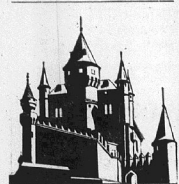

Helen Chou and Spring Fong of Hong Kong have been school friends for many years. This fall they came to Southern Illinois University-Southwestern to do graduate work in music.

Both received scholarships following graduation from Chung Chi (Christ) College last spring. Now four years old, Chung Chi is the only college in Hong Kong granting a degree in music. Helen and Spring are two of its first four graduates.

It took Spring 18 days to reach the States; she came by boat. Helen was 18 hours en route; she flew. Spring's parents moved to San Francisco in 1967 and Miss Fong visited them a month before coming here. A former biology teacher in Hong Kong, her father is editor of a Chinese newspaper in San Francisco.

Helen and Spring met in San Francisco by prearrangement and flew from there to St. Louis, where they were met by Dorothy Tullos, a member of SIU's Fine Arts Division, and Mabel Murphy, fine arts librarian at Lovejoy Library. They recognized each other from photographs which had been exchanged with correspondence during the past year. Prof. Tullos is a friend of one of the girls' teachers at Chung Chi College.

Southern Illinois University and Winston-Salem College in North Carolina are in the fourth year of a faculty-exchange program.

City Temple Teen Group Crowns 1970 King-Queen

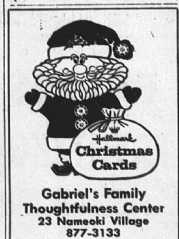

About 60 members and president of the Christ Ambassadors youth group of City Temple witnessed the crowning of the 1970 Teen King and Queen at the annual banquet held at Fischers restaurant, Bellevue, Saturday evening.

The royal couple, selected from eight candidates, included Miss Patti Crocarell, 17, daughter of Lennie Crocarell of Collinsville, formerly of Granite City and Danny Dahmm, 17, son of Mr. and Mrs. Carl H. Dahmm, 3204 Wayne avenue.

Rev. A. E. Cope, pastor of City Temple, 1917 State street, formally crowned the pair and presented them with individual trophies. The new king and queen were chosen on the basis of the amount of money each had collected in a contributions campaign to raise mission work funds.

Guest speaker at the dinner session was Rev. Roland Hasle of Jerseyville. Music was provided by soloist, Miss Linda Kelly, who was accompanied at the piano by her sister, Miss Lynette Kelly.

Miss Sandra Chappell is Southern Illinois University offers summer courses on new developments in technological education to help keep teachers up to date.

Ranger Training Now Open to New Army Enlistees

The U. S. Army is seeking qualified young men to enlist for the Rangers with an initial assignment to the 75th Infantry Regiment, according to Sgt. Morris J. Cook, local recruiter.

"Ranger spells professional soldier, and the men of the Army who wear the gold and black 'Ranger' tab on the left shoulder of their uniform are just that, with a heritage dating back to 1758," Sgt. Cook said. The 75th traces its beginnings to Merrill's Marauders of world war II fame. In the past volunteers for the rugged training came from within Army ranks.

Among qualifications are excellent physical condition, attainment of qualifying scores on mental tests, selection of advanced individual training in either infantry or as a radio operator, and to be a volunteer for airborne training.

The Ranger trainee must complete eight weeks of basic combat training, pass his initial swimming tests by swimming 50 meters, complete eight weeks of advanced individual training and attain qualifying scores on the Army physical fitness tests.

Initial Ranger training begins at Fort Benning, Ga., with a three-week airborne course, followed by the nine-week Ranger course.

Additional information is available at Sgt. Cook's office, 1206 Niedringhaus avenue.

Joint Student-Faculty Senate OK'd at ISU

In what may be a major landmark in the nation, faculty and students at Illinois State University, Bloomington-Normal, have voted approval for establishment of an elected faculty-student academic senate as the principal internal governing body of the university.

A constitution for Illinois State, a major feature of the academic senate, was approved in voting by both faculty and students. About 70% of the faculty voted, while only 15% of the 15,000-member student body went to the polls.

The constitution vote is subject to confirmation by the university's Board of Regents, which previously has encouraged such documents providing for a greater student voice in internal governance.

Under the constitution, the new academic senate of 30 members would replace the present faculty council and absorb most of the functions of the current Student Senate. Its membership would be composed of 27 elected faculty, 18 elected students, the president and three vice-presidents of the university, and the president of the student body.

Waterways Awards Established by SIU-SW

In recognition of distinguished service to inland and intercoastal water transportation through professional journalism, Southern Illinois University—Southwestern has established an awards program named for Capt. Donald T. Wright. The late Capt. Wright was editor and publisher of Waterways Journal from 1922 to 1965.

Sponsored by the SIU-SW Foundation, the award will be administered by the mass communications faculty, whose chairman is Prof. John Rider. According to Rider, an annual award will be made to the magazine, newspaper or broadcasting station which, in the opinion of the judges, has contributed the most effective service to water transportation.

"Individual awards will be made for the best news story or series of stories, best editorial, and the best feature article or program. Members of the communications faculty will be the judges," Rider said.

Huge Teacher Surplus Seen in U. S. by 1975

The United States will have a surplus of 600,000 teachers by 1975, according to the Illinois State University Bureau of appointments, bringing to an end the long-standing teacher shortage.

Harold Gibson and Parker Lawlis of the ISU bureau reported that as the supply of teachers increases, more will be asked to teach in two fields, emphasizing the importance of a minor field of preparation in addition to a major for students in teacher education who do not take a comprehensive major.

The two told the University Council on Teacher Education, which has been considering the question of minor fields, that ISU and other universities in Illinois in September had a significant number of unemployed candidates for teaching positions.

For the first time in many years, the supply and demand for teachers in Illinois have become equal, if not over the needs.

According to bureau records, the trend will continue, creating an oversupply in almost all teaching fields.

The Illinois Association for School, College and University Staffing conducted a survey of member institutions with teacher training programs. The study indicated that more than 13700 persons will be trained this year. Some of the majors include 4700 elementary, 1200 English, 1700 social science and 800 special education.

The average number of teaching assignments for the junior high teacher is 1.31 as compared to 1.54 per high school teacher, indicating that many are not teaching in their major area only, but are assigned to another area.

The average starting salaries for ISU bachelor degrees graduates for 1969 was \$6854, with a further breakdown of \$6748 for elementary graduates, \$7130 for special education and \$7036 for high school. They show an increase of about \$500 over 1968.

ISU Bans Research Projects on Warfare

Classified research on military projects dealing with incapacitating or killing agents for warfare has been banned by the University Faculty Council at Illinois State University, Bloomington-Normal.

Dr. Richard R. Bond, vice-president of the university and dean of faculties, who proposed the policy, said the university has no classified research projects under way but he expressed belief that a policy statement on the subject was necessary.

"The university," the statement says, "will not enter into any contract supporting research for the purpose of killing, maiming or incapacitating human beings through chemical, biological or other types of military warfare."

The policy applies only to classified, or secret, research projects. The policy statement says the university will not enter into any contract which would "restrain its freedom to disclose: (1) The existence of the contract, or (2) The identity of the sponsor."

However, this would not apply, the statement says, to "anonymous gifts or grants that do not call for the performance of specified lines of inquiry, or to research grants or contracts from individuals or non-governmental entities who request anonymity out of a justifiable motivation to protect individual privacy."

'Y' Recruiting Youths To Join Swimming Team

The YMCA is conducting a recruiting campaign for additional members for its swimming team, the Tidal Waves, according to Forest Crockrell, swimming coach.

Membership will give youngsters an opportunity to swim, learn water safety and sportsmanship and a trout for the team.

The team, which competes against other YMCA's, contains a roster of 40, but it can use twice that amount of members, Crockrell said.

Swimming meets include the various events for five different age groups for boys and five different age groups for girls, he added.

The YMCA season opened last Saturday with a meet against Jacksonville.

Youths interested in membership may contact Crockrell or the "Y" youth department.

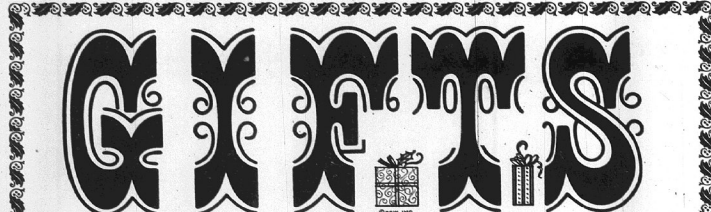

Practice Teaching Task Glynn Self, 2106 Pontoon road, a senior at Southern Illinois University at Carbondale, has been assigned for teacher training in classrooms at Lincoln school, Herrin, during the winter quarter starting in January.

December Plentiful For Happy Holidays

Looking for ways to put away extra cash for Christmas without sacrificing good eating?

One way is to make the most use of foods expected by the U. S. Department of Agriculture to be in plentiful supply during December. Best buys, of course, are usually found among foods in abundance.

It isn't every month you'll find such highly maneuverable foods on USDA's plentiful list as you will in December. Broiler-fryers and fresh pears are the featured foods. Almost everyone enjoys a chicken dinner, especially when larger supplies of tender, young birds make prices especially attractive. December supplies are expected to be 10% larger than a year earlier.

Pears are one of our more delightful fruits, and you'll find an abundance of mostly Anjou, Bosc and Comice varieties because of a 40% larger pack out than a year ago.

In addition to fresh pears, plenty of canned pears will also appear on grocer shelves. The same goes for canned peaches, another popular fruit.

Other items to look for in abundance include canned tomatoes and tomato products, fresh potatoes and sweet potatoes, dry beans, dry split peas and lentils.

Use these foods throughout the month for plenty of good eating and savings that are bound to make for happier holidays.

Fashion in Towels

When shopping for towels, today's consumer must decide whether fashion is worth the premium it costs.

At one time, price served as a good guide to wearing quality. But towel prices today include the added cost of fashion in the form of elaborate designs, textures and prints.

Plain terry towels with loops on both sides of the fabric come in a wider variety of weights and colors than ever before.

Granite City PRESS-RECORD
Page 40 Thurs., Dec. 11, 1969

In addition, the market includes dobby-weave towels that contain simple, woven-in designs in a geometric pattern. Towels with elaborate woven-in designs that are reversible and look embossed are known as jacquard-weave towels.

Screen printed towels offer variety in design. Manufacturers use plain terry towels and print designs on one side only.

The velvety look and feel of some terry towels results from shearing the pile. The sheared terry towels presently available come sheared on one side only while the other side retains its loops.

When manufacturers introduced the "velvet look" to the towel market, both sides of the terry towels were sheared. However, many consumers complained that the towels did not absorb water satisfactorily.

To satisfy the consumer's demand for absorbency, manufacturers decided to shear one side only, leaving the terry loops on the other. In short, the sheared side satisfies the fashion demand for the plush look of velvet.

Since towels form an important part of any bathroom decorating scheme, you may find the cost of fashion worth the extra expense.

How to Prepare Chestnuts

Are you planning to use chestnuts in some of your holiday recipes? If you are, the questions on how to prepare them will come up. To roast:

chestnuts make an X on the flat side of each shell with a pointed knife, then bake in a hot oven (400°) for 30 minutes or until hulls can be removed easily.

Chestnuts can also be boiled in enough water to cover for 15 minutes. When they are cool enough to handle, cut away the shell and rub off the inner skin. (Removing the skin is a slow job.) The chestnuts are then ready for use in your favorite recipe.

Tips on Challenging Your Children

Challenging children to learn is a task worthy of a parent's greatest patience, understanding and love.

Clareta Walker, University of Illinois Extension family life specialist, emphasizes that a love of learning, a respect for the labor it requires, and a desire to answer his own why's

can be created in a child. But he must be patiently and consistently stimulated.

Here are some steps you can take to create conditions in which your child will "get to want to" do his best:

—Provide an environment in which everyday problems are presented and goals are set, which are appropriate to the child's developing abilities. Make them challenging to him.

—Reinforce progress toward these goals by your interest and approval and by genuine, specific praise. Help your child feel that the effort he puts forth is worthwhile.

—Maintain high standards, suitable for the child, in an atmosphere of love and understanding. At times, your stand may make you temporarily unpopular with the child.

—Set an example of firm decision-making. But also give the child well-timed help and freedom in making many of his own decisions.

—Be sensitive to the way he responds to pressure to achieve. Notice when pressure stimulates him to do his best and when it makes him feel discouraged and incompetent.

—Follow the clues the child himself supplies.

Nutrition and Intelligence

Experiments show that adding specific nutrients to the diets of children who previously had poor diets can raise their intelligence scores 10 to 15 points, says Leland Van Den Daele, University of Illinois assistant professor of child development.

The human brain grows most rapidly before birth and in the first five years of life. The brain has reached 60% of adult size at birth, 70% at age one and 90% at age five. Proper attention during these years can help the brain develop to its

full capacity. And full brain development can mean higher intelligence.

Feeding Infants

Eating is one of a baby's first pleasant experiences. And his love for his mother arises primarily from the feeding situation, says Sister Mary Agnes Bureau, RN, Mercy Hospital, Urbana.

The supervisor of the nursery for the newborn spoke to county advisers attending nutrition classes during the recent Extension Fall Conference at the University of Illinois, Urbana-Champaign.

She highly recommended breast-feeding because it gives the baby a sense of security and gives the mother a sense of pride in accomplishment.

Other advantages of breast feeding include these: —Mother's milk cannot be improved nutritionally.

—It's always the right temperature, sterile, and readily available.

—It is the most convenient, economical, and easiest way to feed an infant.

Provide Toy Space

If you provide good storage space for your child's toys, you are not only teaching him good management, but also to share family responsibility. In addition, he will learn to develop a respect for his toys and their place in the home.

Good storage space plus the right words and approach may lead to more orderly rooms, a happier family and a satisfied child.

Toy storage space should be low enough for your child to reach and should be considered the child's own corner in the room. Open shelves are ideal. For instance, the lower shelf in an open bookcase would satisfy the need.

Children should be encouraged — not forced — to put toys away. The responsibility is part of the growing-up process. Putting toys away is an activity your child should look forward to. But too often a penalty is attached to it.

At a certain time each day, make this suggestion to your child: "We're going to take a walk, or have some milk, or listen to records after we put your toys away." Try to make a game of it, joining in the activity occasionally.

Remember that putting toys away should be a continual process. Consistency is important in teaching a child any desirable behavior.

For Older Folks
Many men and women who

have reached retirement age neglect their diets. As a result, they aren't as healthy and happy as they might be.

Nutritionists emphasize that everybody needs food that contains protein and minerals for upkeep of body tissues and bone, food that supplies vitamins to keep the body running smoothly and food for fuel for energy and warmth.

Because physical activity declines as people get older, they need fewer calories. Yet, many men and women continue to eat meals and snacks as they did when they were younger. In time, the excess shows up as fat.

Beware of food fads and so-called wonder diets. They overemphasize some foods and ignore others that are important. Don't handicap yourself with a narrow diet for fear some wholesome food will cause a mouth, sour stomach or nausea. Such complaints often mean that better food habits are needed.

For good nutrition, eat a balanced diet based on this daily guide: two servings of meat, fish, poultry or eggs; four servings of vegetables and fruits; four servings of enriched or whole-grain cereals and

bread; and two servings of milk or its equivalent. Here are some common portions of cheese and ice cream and their milk equivalents in calcium:

—1-inch cube Cheddar-type cheese equals 1/2 cup milk.
—1/2 c up cottage cheese equals 1/3 cup milk.
—2 tablespoons cream cheese equals 1 tablespoon milk.
—1/2 cup ice cream equals 1/4 cup milk.

Since food is so important to health, you can never "retire" from responsibility for eating the kinds and amounts of food you need.

"Brown-Baggers" On the Increase
The number of people eating lunches carried from home continues to increase. According to the Market Research Corporation of America, a recent study of 4000 households showed the majority of "brown-baggers" to be adult working-age males. Men between the ages of 18 and 44 carry 40% of all lunches packed at home.

School-age children from 6 to 17 account for 30% of the carried lunches.

10 things America's new small cars won't talk about.

Nova talks about things those new little cars prefer not to mention. For instance, (1) a cargo-guard luggage compartment; (2) an extra set of fenders inside the fenders; (3) flush and dry rocker panels that help prevent rust and corrosion; (4) a quality built Body by Fisher; (5) Magic-Mirror acrylic lacquer finish; (6) a firm, steady ride programmed by computer-selected springs; (7) six different engines and five transmissions available; (8) an available lighting group that even includes a monitor for your windshield washer fluid; (9) radios you can order, with antennas built right into the windshield and (10) the availability of a new, more compact radio/stereo tape system. America's little cars don't offer them. Nova does.

Nova also has a very appealing price. And a lot of loyal friends.

Wonder why.

Putting you first, keeps us first.

Pollution and Crime Among Meeting Topics

Illinois Atty. Gen. William J. Scott was host this week to attorneys general from seven states in a meeting at Chicago in which the group discussed cooperative legal action against air and water polluters, organized crime, antitrust and consumer protection.

Scott's guests, who are officers and members of the executive committee of the National Association of Attorneys General, also heard a report from Scott on plans for the association's annual meeting. Scott is to be host for the annual event which will be held at the Pheasant Run Lodge next June.

Attending the meetings in the Bismark hotel were Atty. Gen. Arthur J. Sills of New Jersey, national association president; Atty. Gen. Douglas M. Head of Minnesota, national vice-president; Atty. Gen. Clarence A. H. Meyer of Nebraska; Atty. Gen. Richard C. Turner of Iowa; Atty. Gen. Francis B. Burch of Maryland; Atty. Gen. John B. Breckinridge of Kentucky; and Atty. Gen. Herbert F. Deslome of Rhode Island.

Wrong-Way Ticket
M. Bruce Gluka, 3149 Davis avenue, was ticketed for driving the wrong way on State street at 21st street, a one-way street, at 1:30 a.m. Tuesday.

Christmas Programs To Be Published

The Press-Record will again publish Christmas programs for churches of the Quad-Cities.

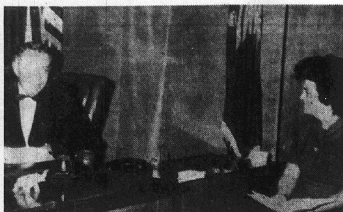

Publication will be the week of Dec. 15, and church pastors or secretaries are requested to submit the information this week to allow sufficient time for the news articles to be prepared.

The programs may be mailed or brought to the Press-Record office, 1815 Delmar avenue, in the event the program is brought to the office after 5 p.m., there are mail slots alongside each front door.

Town Meet Advanced

The regular monthly meeting of the Venice town board will be advanced one week this month only because of Christmas week activities, Arthur Moore, supervisor, announced today. The meeting, regularly scheduled for the fourth Wednesday of the month, which falls on Dec. 24, Christmas eve, will be held instead on Dec. 17, he said.

GOVERNOR APPROVES. Gov. Jack Williams of Arizona endorses "Good Speech Week," proclaimed throughout Arizona the week of Dec. 15. Mrs. Clarice Elaine (Dameron) Lichtenberg of Phoenix, a former Granite City resident and Madison school teacher, who formulated the Good Speech idea, discusses the program with the state's top official.

Former Madison Teacher Starts 'Good Speech Week'

A former Granite City resident and local school teacher, now employed as a speech therapist in the Washington elementary school district, Phoenix, Ariz., will see her idea of promoting "Good Speech Week" throughout the state of Arizona materialize next Monday.

Mrs. Clarice Elaine Lichtenberg, a 1952 graduate of Granite City high school, is author of the "Good Speech Week" program for the state in which she now resides. Her project was endorsed by Arizona Gov. Jack Williams, who signed a proclamation Thursday, designating the coming week—Dec. 15-22—"Good Speech Week" throughout the state.

A three-page paper written by Mrs. Lichtenberg on the theme "A Better World Begins With Me Through Better Communication," has been distributed by her school district to every school district in the state to use as a guideline in helping to implement the program.

Copies of the paper also have been mailed to the American Speech and Hearing Association, Washington, D. C., for possible publication in a professional magazine, and to Illinois Lt. Gov. Paul Simon of Springfield.

A former third grade teacher at the Harris school in Madison, Mrs. Lichtenberg is one of six speech therapists in the third largest elementary school district in Arizona.

She supports speech therapy programs, not only in her own district, but throughout the state. Specifically, she provides speech therapy for 90 students assigned to her from various schools.

Mrs. Lichtenberg's paper recommends that principals of participating schools officially introduce the "Good Speech Week" program in their building, and encourage faculty, school employees and students to take part.

Demonstrations on voice project, oral reading, the difference between sloppy and correct part of the week-long activity.

Promotion in Germany For Martin Siglock

Martin R. Siglock was recently promoted to Specialist Five in Heidelberg, Germany, where he is serving at the Headquarters, U.S. Army, Europe and Seventh Army, located at the southwestern German City famed for its university and scenic beauty.

A 1961 graduate of Granite City high school, he graduated from SIU-SW campus in 1968 with a B.S. degree in business, and was employed as a cost accountant for the S. M. Wilson Co. prior to entering service.

Entering the Army in March of 1968 he took basic training at Fort Leonard Wood, Mo., and arrived overseas duty in August 1969.

His wife, Mrs. Joette A. Siglock, resides on Norwood drive with her mother, Mrs. Betty Sneed. Sp/5 Siglock's mother, Mrs. Bernice Horskey resides at 4035 Wilshire lane. He is a member of Concordia Lutheran Church.

Van, Auto Collide

After observing a stop sign at 28th and Iowa streets, an auto driven by Suzanne Patterson, 2112a Delmar avenue, entered the intersection and was struck on the right side by a dry cleaning van driven by Maybelle E. Emerson, 2021 Fourteenth street, at 2:40 p.m. Monday.

Fish and Chip Drive-in to be Built on Johnson

A Fish & Chip drive-in restaurant is to be constructed at 1512 Johnson road at a cost of \$45,000, according to a building permit issued to the H. Ross Contracting Co.

It is part of a national chain which is controlled by the Kentucky Fried Chicken chain, and will be the first of its kind in the Quad-City area.

The building will have dimensions of 24 by 30 feet, and the balance of the property will be used for parking. Ross also obtained a permit to raze a six-room house at the same site at a cost of \$1000.

The permit was one of nine issued for new construction in Granite City this month, listing values totaling \$116,350.

They include five obtained by the Dale Construction Co. for five-room homes in Briarcliff addition No. 3 at a cost of \$13,000 each.

Two additional permits were issued to raze dwellings. One is at 2115 Edison avenue to provide parking lot for Southwestern Bell Telephone Co. The work was done by the G. H. Sternberg Co. at a cost of \$500.

The other is at 2115 State

City Meter Revenue Runs Below Last Year's Total

Revenue from operation of Granite City parking meters during November totaled \$3396, including \$2850 in fee collections and \$746 in fines, according to a report today by Comptroller Robert Stevens.

Fee receipts were \$200 less than the \$3050 in fees collected during October, while fines were only \$2 less than the \$748 in October fines, the report

showed. Total November income was \$34 more than the \$3342 collected in November last year.

Meter revenue last month brought to \$41,750 the total income from parking meter operations during the 11 months of the year thus far.

On this basis, 1969 meter revenue is running \$148 behind the total of \$44,888 in total revenue during the same 11-month period of 1968.

With only one month of this year remaining, it appeared certain meter revenue for all of this year will run several thousand dollars under last year's 12-month total of \$45,145.

Speed Reading Courses Studied by GC District

Whether to establish speed reading courses in Granite City schools is under consideration by the school board, which reviewed "pro and con" of the proposal Monday night with Owen E. Humphrey, curriculum coordinator.

Speed reading is not being recommended at this time at the elementary level, Humphrey said. It has not been ruled out at the secondary level, but more information may be sought on its effect on reading comprehension.

The technique is credited with increasing reading speed by up to three times without significant loss of understanding.

On an experimental basis, a reading machine is being utilized at controlled speed at one of the grade schools here for a class of under-achievers. Indications are that it is proving helpful to them, the board was told.

Humphrey related that "since world war II, there has been a tendency in the U. S. to stress rate increase in reading, improvement programs at secondary and college levels and in programs for adults, such as those sponsored by industrial concerns and the armed services.

More Material to Read

"Some private businesses have maintained advertising campaigns that make fast reading seem to be a very important objective, and the tremendous volume of reading material which a student or business executive needs to cover makes such training attractive.

"Reports of fairly conventional programs to increase reading rate generally state that comprehension averaged nearly 70% at the beginning and showed no significant change at the end of the program, although gains of 20% to 40% in average reading rate are usual.

"At the elementary level there is some evidence that practices designed primarily to stress rate do not produce as much growth in comprehension as developmental reading programs in which rate is not stressed," Humphrey noted that "there is little evidence of a research nature on the real outcome of the commercial programs which guarantee to produce tremendous gains in rate without harm to comprehension.

Reading or Skimming?

"George Spache, who has headed the International Reading Association, has pointed out that while rates of several

thousand words per minute can be attained by rapid skimming in which large portions of the printed matter are not perceived, genuine reading—in which most of the printed words are perceived—cannot proceed faster than 800 to 900 words per minute.

"This is based on the assumption that 10-word lines are read with an average of three eye fixations per line, each fixation taking one-quarter of a second, plus the very brief times required for moving the eyes from one fixation to the next and from the end of one line to the beginning of the next.

"Reading at this rate would be truly superior reading, for average college students read at 200 words a minute with nine fixations per line. Thus, genuine reading is possible at about three times the rate used by average college students.

It is open to serious question whether turning pages at rates of over 1000 words per minute is really reading," the curriculum administrator said.

Eye Movements Recorded "Spache also reported studies of some graduates of a commercial speed reading organization. An eye-movement camera recorded their reading of test se-

lections at 400 to 600 words a minute with 70% comprehension. The results are representative of results for superior readers at the college level.

When these graduates read a book in the way they had been taught, group average rates ranged from 1800 to 2400 a minute with 50% comprehension, hardly satisfactory for typical reading situations.

"William Liddle compared 23 college students with a control group. The experimental group was taught to increase reading rates tremendously but did not do so as well on comprehension tests as before training or as the control group did.

"Walter Pauk, director of the Reading Study Center at Cornell University, has challenged the prevalent idea that improving rate of reading, without loss in comprehension, should be a major objective in reading programs for college students.

Link to Study, Learning "Combining training for increasing rate with training in study skills within one program," he says, sets up a conflict which diminishes the value of the latter.

"Pauk recommends concentrated effort to develop various forms of careful, close reading.

"He found that students in a six-session study skills course, in which they were advised to ignore rate, afterward made three times the gain in grade point average achieved by students after a 14-session course which included two sessions in speed reading, six on study skills and six on various aspects of comprehension. He attributes this to the preoccupation of some students with rate rather than careful study."

If such findings are verified elsewhere, there may be a widespread change in emphasis from rate improvement to study techniques, Humphrey said.

"Training might then be reserved for those whose rate is unnecessarily slow, and for those whose reading needs require sketchy coverage of large amounts of material.

Extract, Organize, Remember "The newer programs would teach the student how to study, how to extract what he needs from what he reads, how to organize this knowledge and how to remember what he has read."

Humphrey urged flexible reading rates based on the purposes for reading and kinds of material.

"A really efficient reader learns to skim, to read rapidly, to read normally, and to read slowly and carefully, depending on the situation. In all cases, comprehension must not be sacrificed whatever rate is employed."

Board Member Monroe Worthen described speed reading achievements reported to him, and Board Member George Moore sr. recalled effective military courses to improve vocabulary, understanding and reading speed.

Dr. Billings, 75, Retired County Coroner, Dies

Dr. William Wyatt Billings, 75, of 3405 Oakwood avenue, Alton, who served as Madison county coroner for four terms, died at 11:15 p.m. Monday at Alton Memorial Hospital.

He retired from the practice of medicine in 1961 after suffering a heart attack. Born in Liberty, Mo., Dr. Billings, graduated from William Jewell College of Liberty and in 1923 graduated from Rush Medical School in Chicago.

He began his medical practice in White Hall, after graduation, for two years and later moved to Troy, Ill., for 10 years, moving to Alton in 1932. Dr. Billings served in world war I and world war II, when he left the coroner's office to join the Navy as lieutenant commander. He first took office as coroner in 1932.

A past president of the Alton Medical Association, he held membership in the Madison County Medical Association and Franklin Masonic Lodge, 25 of Alton.

He was a member of the First Baptist Church of Alton where services were conducted at 2 p.m. today by the pastor, Rev. Orrin Anderson. Interment was in Upper Alton Cemetery.

Surviving are his wife, Verma; a daughter, Miss Helen Louise Billings of Alton; a grandson, and three brothers, Dr. J. H. Billings of Kansas City, Mo., Ava E. Billings of Liberty and Charles S. Billings of Topeka, Kan. His only son, Thomas E. Billings, was killed in World War II.

Union Division's Air Control Plan Approved

An Air contaminant emission reduction program at Union Division, Nitiles Laboratories, Inc., at Granite City, was among 17 such programs approved Tuesday by the Illinois Air Pollution Control Board at Springfield.

The program calls for installation of four air transport systems controlled by high efficiency cyclones, with installation to be completed next month.

In addition, the state board granted time extensions to two

Violent Decade Nearing End; 122% Rise in Volume of Crime Although Population Has Increased Only 11%

By J. EDGAR HOOVER
Director, Federal Bureau of Investigation

The 1960s will soon be history. This juncture in our busy lives affords an opportunity for a brief appraisal of law enforcement's role in our society during the last 10 years.

Any evaluation of law enforcement in the sixties would be meaningless without at least a cursory look at the crime picture for that period.

During 1960, there were 2,014,600 serious crimes reported.

While complete statistics for 1969 are not yet available, preliminary reports show the crime rose 9% during the first six months when compared with the first half of 1968.

Also, since 1960 the risk of being a victim of crime or of crime has nearly doubled.

Indeed, crime has become such a heavy burden on our society that many authorities believe it to be the nation's most serious, internal problem.

American has good reason to be concerned about the wretched record of crime and violence during the sixties, a decade which could be referred to as a revolutionary era of permissiveness.

Certainly, our citizens were subjected to some shocking and rebellious criminal events.

A President was assassinated. Some of our major cities were put to torch by rioters and looters.

Open defiance of the laws and a constituted authority was urged by many so-called public leaders.

Colleges and universities were overrun by mobs of misled young people.

Organized crime was exposed as a dangerous threat to our economic and social structure.

An increasing number of our nation's youth turned to dangerous drugs. Another crime increased, the public's safety diminished.

It is a tribute to the tough fiber of our democratic society that it was able to meet these traumatic events without giving way to hysteria. Why was this possible?

There are, of course, many reasons.

Basically, it was because of the increasing efficiency of law enforcement, the innate structure of a society under law, increasing civil liberties for all citizens, and the strong, inherent ideals embodied in our system of self-government.

We cannot, of course, expect that our complex and fast-changing society will be trouble free. Problems still remain.

The causes of crime are

many, and there is enough blame to be shared by all.

Law enforcement has not been without its shortcomings; however, in public service, only those who make no effort are exempt from mistakes.

In fighting crime, as in many other struggles, the value of good work cannot always be measured by the results achieved.

Often credit is due for what men and women do, although there may appear to be no appreciable gain. I believe this can be said of law enforcement's efforts during the 1960s.

While crime increased at an alarming rate, vital enforcement responsibilities were discharged effectively and tremendous progress was made.

Overall, law enforcement can be proud of its contributions to the cause of democratic justice during the sixties.

In spite of increasing demands, new responsibilities, and many obstacles, law enforcement has reached new heights of efficiency, public service, and protection of the civil rights of all citizens.

Giant strides have been made in the professionalization of police. Standards have been upgraded, and training has been improved and accelerated at all levels.

New federal legislation enables local and state police to better meet their responsibilities.

Modern facilities and communications systems permit enforcement agencies to operate with maximum effectiveness.

And the FBI National Crime Information Center and its supporting systems represent one of the most significant achievements in the annals of law enforcement.

Because of this vast network and repository of criminal information, the elusive criminal is finding it more and more difficult to evade justice.

Today, law enforcement is more strongly united in the fight against crime than ever before.

It values the sacred trust of helping to preserve the high ideals of this great republic for future generations. However, as we know, we must be more successful in this worthy cause.

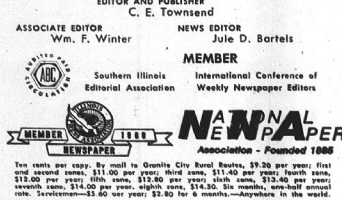

If we continue to move forward in the tradition of freedom, our efforts will be rewarded.

Through dedicated service to our nation and with the help of public-spirited citizens, the soaring crime rate in the 1960s can be contained.

Healthy Political Competition To Continue in Madison County

It is good to see that Republicans will seek every available Madison county and district office in the 1970 elections, since two-party competition is healthy. But we are not so sure the GOP has really made a case against "the old folks" at the courthouse, since the average age of the Democratic and Republican nominees on the November ballot probably will be roughly the same.

It is true that longevity in office is preponderantly on the Democratic side; the only veteran GOP officeholder, Ralph Smith, has advanced from the Illinois House to the U. S. Senate.

However, this fact can be an advantage as well as a disadvantage to the dominant party. One essential turnover is helpful in "sweeping the broom sweeps clean"—but experience and knowledge also are considerable assets when seeking office.

At least some primary competition appears certain in both parties, and this will bolster public interest in the process by which new two-year and four-year terms will be filled next year.

It will be difficult to form conclusive opinions about the fall election until the March voting has taken place. Announcements so far indicate that neither party has "cornered the market" on the best candidates. The task now is to weigh the merits of the contenders for each separate office, rather than accepting anybody's slate at face value.

'Con Con' Could Not Successfully 'Con' the Public; It Must Beware of Special Interests

As Governor Ogilvie said at the opening of the historic Illinois Constitutional Convention this week, "partisan bickering and the protection of special interests" could endanger public approval of the proposed constitution which will be written during the next eight months.

Because this is true, it is essential that the 116 delegates keep in mind the interests of all the people and draw up a document that cannot be accurately construed as "loaded" in favor of any association or political party. Extreme stands by the delegates would only succeed in dominating their handiwork and perpetuating the present century-old constitution.

Selection of Samuel Witwer, a longtime advocate of constitutional reform, as president gives the convention a fine start. He is dedicated to the task ahead and is capable of providing guidance that could lead to the formulation of a vastly improved basic framework for state and local government in Illinois.

It values the sacred trust of helping to preserve the high ideals of this great republic for future generations. However, as we know, we must be more successful in this worthy cause.

State, Federal Grants Available to Help Achieve More Effective Law Enforcement

Local municipalities have taken some steps to utilize the state and federal funds currently being made available to upgrade law enforcement. With 100% grants offered in a variety of fields, we hope Granite City, Madison, Venice, Pontoon Beach and Madison county consider submitting additional applications.

Principal funding at present is in three categories:

Police management studies—A department may request funds to have an assessment made of its strengths and weaknesses. Such a study looks at existing manpower, equipment, organization and administration and makes recommendations for improvement when deemed necessary.

Community relations—A qualified consultant outlines ways of starting or improving a community relations program. Purpose of such programs is to increase understanding and harmony between law enforcement personnel and segments of the community in which tensions may exist.

Training—A city, county, private organization or professional association may provide instruction. Trainees may be school guidance personnel, police, judges, probation or parole officers, sheriffs, state's attorneys, public defenders or others. Such courses spotlight present and long-range needs and attempt to aid trainees in seeing themselves as part of the total criminal justice system.

Swine Herd Management

"Good swine herd health management to prevent disease is important and cannot be over-emphasized," said County Veterinarian Dr. Carl H. Rogers at the Madison County Pork Producers' Association recent meeting in Edwardsville.

"Ninety-nine percent of the hog diseases can be purchased with cold, hard cash," he said in emphasizing the importance of buying disease-free animals.

Dr. Rogers reported much progress toward eradicating hog cholera in the United States under the national hog cholera eradication program started nine years ago. Illinois now is in program phase three which involves depopulation of any cholera-infected herd under a state indemnity program.

About 80% of hog cholera cases traditionally have been in cost of vaccination, and 20% in death losses. Although hog cholera can be controlled by vaccination, it probably can be controlled without it, he said. But we can expect some future outbreaks of hog cholera before the disease is wiped out, he stated.

Dr. Rogers outlined present regulations in regard to movement of hogs. Hogs brought into Illinois require treatment with serum and an entry permit from the state veterinarian's office.

Illinois feeder swine sold by the producer, except those sold to a licensed feeder swine dealer or consigned to a licensed livestock auction market, must receive cholera serum not more than 10 days prior to sale. Feeder swine sold to a licensed feeder swine dealer by the producer must receive serum within 48 hours after purchase by the dealer. Feeder swine consigned to a livestock auction market must meet requirements prior to being released from the market. Serum for swine being sold or offered for sale must be administered by a licensed veterinarian.

Four Madison county swine producers now have "validated herd" status for their swine herd. Dr. Rogers encouraged more herds to obtain such status. "A certification of brucellosis-free status in the herd is what the validated herd program is," he said. Steps leading to such status include testing all swine six months and older and finding them negative to the brucellosis test.

Specific pathogen free (SPF) swine is another fairly recent program followed on a few farms, with one such farm in Madison county. Procedures to get SPF swine include taking pigs from the sow by Caesarian operation, raising them in a sterile area free from contact with the sow, and using them to re-populate swine on a farm, Dr. Rogers explained.

Beef Testing Program
At a meeting of beef cow herd owners, plans were made to expand the beef performance testing program in Madison county. Calf performance records, including weight and grade at weaning time, are obtained in this program to assist beef producers in evaluating individual cows and herd sires.

Aid for Water Erosion Port Office and Scales Layout at Harbor are Ok'd

By LEE ROGERS,
Madison County ASCE Office

Water is as old as the earth. The next drink you take could be in part the same that washed the hands of Pilate, rained on Noah, or irrigated the forbidden fruit that was plucked by Lady Eve. It's the stuff rainbows are made of, the sap of plants, the humidity that's worse than heat, and it makes up more than 70% of the human body. Next to air, it is our most important resource for survival. Yet it can be as destructive as an atom bomb.

At one time water destroyed all the earth except a few people and animals aboard an ark. Yet for the most part, pure water will save a plant or human life. It can save or destroy life unless properly managed by man. Water resource management is your most important problem whether you live on the farm or in the city. Floods and droughts can cause devastating and costly destruction to city property as well as the country. And after it's cleaned up—it can happen again—and does happen again and the cost of rebuilding and clean up is far greater than the cost of proper maintenance. The annual flood loss in the U. S. is around \$70,000,000.

With the possible exception of "Hippy" each person uses about 20 gallons of water each day and the requirements are increasing each year. The national average if he has a gully or sheet erosion he is contributing to the build-up of the Mississippi Delta and reducing his own annual income.

Every farmer in the county should take a good look at his farm and realize if he has a gully or sheet erosion he is contributing to the build-up of the Mississippi Delta and reducing his own annual income.

This year we have received in excess of the national average of 50 inches but as in the past, it in the wrong places and at the wrong time and became a bane instead of a blessing.

In the past 30 years, we have lost by water erosion the equivalent of 21,000 eighty-acre farms. Four million tons of top soil is dumped into the Gulf of Mexico by the Mississippi River each year. This would cover 6200 one hundred eighty-acre farms to a depth of seven inches. This is the gravity, the cream, the best soil available at about plow depth where our crops are grown and it contains the valuable plant nutrients, fertilizer and organic matter.

New Orleans is now 18 miles further from the Gulf of Mexico than it was when the city was founded. And these miles are made up of the most fertile soil in the world.

The program. Four have been enrolled the past year. We need portable scales to weigh calves in the program. The county Extension adviser will work with a committee appointed to obtain a scale or the use of one. Committee members are O. B. McLean, Edwardsville; Leslie Knobel, Pocahontas and Bernell West, Highland.

Horseflesh in variety test plots at Homer Bruns' farm in Nameoki township was dug and evaluated recently. Test results will be reported at the Tri-County Vegetable Growers school set for January 21 at the Round Table restaurant in Collinsville.

Every farmer in Madison county who has a conservation problem is contributing to the build up of the Delta at the mouth of the Mississippi, and reducing his annual farm income due to this loss of top soil and fertility. Every time you cross the "Old Mississippi" on the new Popular Street bridge you are passing over two 100-acre farms. This is the valuable top seven inches of loose fertile soil from your farm and your neighbors' farm in a newly developed subdivision.

We are not doing a good job stopping this erosion. When I say we, I mean all of us, city people, farmers, agencies, and industry because soil and water conservation is everyone's business. It is quite apparent that both soil and water conservation are needed.

The tools for this conservation are at hand. SCS and ASCE are waiting to help with these problems. Many practices are available through your ASCE county office. Such practices as waterways, terraces, ponds, contour farming, and pasture development are designed to help. These practices are presently being used in Madison County but at our present rate it will take hundreds of years to accomplish our present needs.

Two Men Arrested in Quick-Change Actions
Donald Bady, 31, and Eugene S. Irby, 22, both of St. Louis, were arrested on disorderly conduct charges at the Nameoki Village shopping center last after pulling quick-change deceptions after 7 p.m. Monday at the Bellemore Reese and Gasen drug stores.

At Reese's a man presented the woman cashier with a \$10 bill for a package of cigarettes and walked away from the clerk. He pulled back and began talking money fast, and when he left, she was \$10.55 short. A Missouri license number was noted on an auto he entered.

At Gasen's, a man tendered a \$10 bill for a few purchases, and after the clerk made change he requested a \$10 bill for a \$3 bill and five \$1 dollar bills. She gave him \$10 and he left without giving her the other bills in return.

County Heart Fund Co-Chairmen Named

State Senator Merrill Ottwein of Glen Carbon and Mrs. George (Felicia) Goeken of Alton this week were named co-chairmen of the 1970 Heart Fund campaign in Madison County by S. Harold Roberts, Madison County Heart Association president. "Re-search Your Heart"—the 1970 campaign slogan has a two-fold meaning, Roberts said. He explained that Heart Association dollars used for research have helped make great advances toward the conquest of heart disease, the nation's number one killer. "We also urge county residents to 're-search' their own hearts. Did you give and was it enough?" the association president said. This year "Little Miss Heart of Madison County" is five-year-old Julie Bennett, daughter of Mr. and Mrs. Edwin W. Bennett Jr. of East Alton, who underwent corrective heart surgery in 1967. She is now a pupil in kindergarten and is able to take part in all classroom activities, Roberts said.

Nameoki Twp. to Seek Aid In Curbing Rat Problems

An effort to determine what steps can be taken to rid various areas in Nameoki township of rats was recommended Monday night by township officials, who made plans to contact state health authorities for assistance. Complaints from residents in the Parkview district regarding the increased number of rats reportedly nesting and visible in the vicinity of the grain elevators on Cargill road, sparked a discussion on rat infestation in other sections of the township. Auditor Robert Beedle, reporting the complaints from Parkview homeowners, suggested the township health inspector visit the elevators and investigate conditions. "From what I have heard, the rats are really bad and the situation could get much worse if we don't take measures to correct it," Beedle stated. Supervisor Harry Briggs said the increased number of rats is becoming a serious problem throughout the township. He reported that complaints have been received from the State Park Place area, notably in the vicinity of Fairmont race track, and in the Bend road area, especially near sites where refuse dumps formerly were operated. Bend Road Interested

Commenting on the Bend road rat problem, Briggs stated, "Drive through that area some time at night and turn your car headlights off for five minutes. When you turn them back on, you'll see rats as big as dogs."

With attention at the federal level concentrated on rat control programs, Briggs pointed out, it is very possible that state health authorities have federal funds available to be used in controlling vermin. He noted that the township has no funds budgeted for this purpose. In other action, the board authorized two deputy township assessors to take part in a one-day instruction program at Edwardsville on Dec. 19 and receive per diem expenses of \$12 each. Township Assessor Joseph Cohan said the two deputies, Mrs. Clarine Coggins and Mrs. Jo Ann Huelkoetter, will be instructed by Illinois Department of Revenue officials on new exemption provisions, enacted this year by the General Assembly, which start in the 1970 tax year.

Travel Expense Questioned
A travel expense item, submitted by Supervisor Briggs for reimbursement of \$250, representing \$500 miles of travel on township business in the past six months, was questioned by Auditors Kenneth Gieson and Beedle. The officials sought to clarify the destinations and dates that travel time had been accrued by the supervisor. Reminding the auditors that he is permitted \$500 a year for auto expense and that he has never presented an itemized record of mileage involved in each trip, Briggs contended that keeping such records would prove difficult, as he may make several trips daily for short distances. After being pressed by the auditors, Briggs stated that he was "willing to try to keep a record."

It was noted that mileage expense in excess of \$500 miles per year is not reimbursable to the supervisor and other township officials covered in a travel expense plan. It was agreed to sell an old pickup truck owned by the township, now in disuse and disrepair, to Richard Sutton on Mitchell for \$25. The vehicle, which has a frozen engine block, was painted white by

vandals during the Halloween season.

Tax Anticipation Warrant
A resolution authorizing the issuance of \$12,000 in tax anticipation warrants to supplement the general assistance fund was adopted by the board. Explaining the fund currently has a balance of about \$5000, Briggs said issuance of tax anticipation warrants is a requirement to remain eligible for state funds.

To eliminate a "serious traffic hazard" at the intersection of Stratford lane, Maryville road and Emert avenue, Beedle asked that three-way stop signs be erected at that point. Emert avenue, which lies within the boundary of Granite City, presently has a yield sign, he said. Erection of a stop sign at Third and McNair streets, in East Madison, also was sought

by Auditor Douglas Teetor at the request of a resident. Both requests were referred to the township highway commissioner, who was not present at Monday's meeting. An Arlington Heights property owner whose tract is now inaccessible since a county road improvement program resulted in a 25-foot ditch along Arlington drive, asked assistance in obtaining installation of a culvert to his property. Town Clerk Louis Whitsell, Teetor and Beedle were appointed by the township supervisor to investigate health-life insurance plans available to elected officials and township employees who are now covered under a new state statute.

Survey Shows 80% Farms Are Closed to Hunters

By ALBERT MEYER
Of The SIU Staff

With the upland game hunting season under way, hunters again are finding much of the farm land posted "no hunting." This is in keeping with the findings of a survey of privately owned farm land in seven southern Illinois counties by Dwight R. McCurdy, Southern Illinois University forest recreation specialist, Carbondale.

McCurdy sent a questionnaire to 160 or more acres of rural land in the seven counties of the Shawnee Hills Recreation Planning Unit in southern Illinois to find out about recreation developments on the farms, how many permitted hunting and fishing, and the farmers' feelings about a couple of proposals for developing recreational activities on their land. He got answers from 400 of the landowners and then interviewed 70 others who had not replied to the questionnaire.

The results showed that about 80% of the privately-owned farms in the seven counties were not open for public hunting and fishing. More than two-thirds of the farms had a pond or small lake and half of these used the ponds for livestock water and for some kind of recreational activity, mostly fishing. More than half of the ponds had been stocked with fish. He also found that about one-fourth of the farmers practiced some kind of game management by providing food and cover plots for wildlife. Quail and deer were emphasized in the game management, but some also favored rabbits, squirrels and geese.

Forty-two per cent of the landowners said they allowed some hunting and fishing on their farms but half of these used the ponds for livestock water and for some kind of recreational activity, mostly fishing. More than half of the ponds had been stocked with fish. He also found that about one-fourth of the farmers practiced some kind of game management by providing food and cover plots for wildlife. THREE GOALS IN GAME was the achievement of Tim Thompson of Granite City for St. Benedict's College in its game with Emporia State this fall.

Thompson Top College Soccer Squad Scorer

Speed was the name of Tim Thompson's game as he spearheaded the St. Benedict's College attack during the Atchison, Kan., Ravens' 1969 soccer season this fall.

Thompson, a junior forward from Granite City, was a familiar face in the starting line-up as his team posted a 5-4 record.

He originally played in the backfield, but Coach Tom Colwell decided to put the Assumption high school graduate's speed up front on offense. Thompson responded with four goals, which tied him for team scoring honors. With his two assists, he played an active role in more goals than any other squad member.

Outstanding Ball Handler
"He was really a surprise for us, and was a main part of our offense," Colwell relates. "He's probably the best one-on-one ball-handler we've had."

He was one of the team leaders in shots for the season, and Thompson's efforts paid great dividends in an Oct. 11 match against Emporia State, Kan. The coach recalled this week, the swift forward tallied three goals in that contest and picked up an assist.

"With one year of varsity experience," Colwell commented, "we're looking for him to have an outstanding year next season."

St. Benedict's lost its last game of the season to Quincy College, 2-0, in Quincy, Ill., and so spoiled an opportunity to post a winning overall record against the powerful Hawks. The Ravens now stand 3-3 against Quincy College teams.

The Ravens tested new faces and a new alignment against an NCAA Western power, the Air Force Academy, in the season opener and dropped a 2-0 decision.

Three Straight Wins
St. Benedict's bounced back with three straight victories against Colorado College, Park College and Emporia State, outscoring those teams 13-2.

The Ravens outshot the University of Missouri at St. Louis on a soggy field in University

Ask Your Game Warden

By Don Hastings, Conservation Officer

Since I received so many calls on the same subject from so many people, I have decided to originate this question and answer column in the paper. If you have an outdoor question, particularly on laws, please submit it to me and I will try to answer the most of them or as many as we can and see how it works out.

Q. I want to hunt with a rifle and have heard conflicting stories about Illinois laws. What are the laws pertaining to rifle hunting?

A. First of all contrary to popular belief there is no caliber or size limitation on rifles in Illinois. You can use anything from a .22 to a 30.30. You can hunt groundhogs, squirrels, raccoon, fox and rabbits with a rifle. You cannot hunt birds or deer with a rifle. It is illegal to shoot a rifle or pistol over, into or across any body of water or ice.

Q. I want to take my son (or daughter) hunting or fishing with me. What do they need?

A. Anyone who hunts game protected by the state regardless of age or sex needs a valid hunting license. Persons not yet sixteen need a hunting license but does not need a Federal duck stamp to hunt waterfowl. Two children do not need fishing licenses until they reach the age of sixteen and are entitled to use the same amount of equipment as a person who possesses a hook and line license and must obey the same laws.

Q. I hear the State has a pheasant hunt. How can I get pheasants for \$5. How can I go there and hunt?

A. Yes there is one in Clinton county near Carlyle. It has been moved this year to a new location just off Route 127 between Carlyle and Keyesport on Carlyle Lake. There is also one in Shelby county near Cowden.

First you must write to the Dept. of Conservation, 104 State Office Bldg., Springfield 62766, ask them for an application to hunt on either the Shelby or Clinton county pheasant areas. Give them two alternate dates that you wish to go on and the description of your hunting license as to weight, age and etc. Two persons can go on the same application. If there is an opening on the date you want to go, a permit will be sent back to you, including exact instructions.

Send no money to Springfield. Then on the date your permit is sent back to you, where you asked for. Check in with the person in charge before you go to the area, usually before 8 a.m.

You will then pay your five dollars and be issued a back patch good for that day. They will assign you to a specific hunting license. Persons not yet sixteen need a hunting license but does not need a Federal duck stamp to hunt waterfowl. Two children do not need fishing licenses until they reach the age of sixteen and are entitled to use the same amount of equipment as a person who possesses a hook and line license and must obey the same laws.

It is one of the best bargains in Illinois today but like most bargains has to be limited to one hunt per year per man.

Ammunition Sales Record Keeping Chores Eased

"It no longer is necessary for dealers to keep records of certain ammunition sales," Donald W. Kline, IRS Alcohol, Tobacco and Firearms Chief Special Investigator for Illinois and Wisconsin said today at Springfield.

Newly enacted legislation eliminates the need for dealers to keep records on sales of shotgun ammunition, ammunition suitable only for use in rifles, and component parts of these types of ammunition. Purchases of ammunition interchangeable between rifles and handguns, such as 22 caliber rimfire ammunition, continue to be subject to the record keeping requirement, Kline said.

Previously, the Gun Control Act of 1968 required records for all ammunition sales.

The IRS official stressed, however, that no other aspect of the Act, which is administered by the Alcohol, Tobacco and Firearms Division of the IRS, was changed by the legislation.

Kline pointed out that persons engaged in selling ammunition still are required to be licensed under the Act. Anyone under 21 years of age cannot purchase handgun ammunition. However, individuals at least 18 can buy rifle and shotgun ammunition.

IRS Publication 650, contains questions and answers on the Gun Control Act of 1968, and may be obtained free by sending a post card to Publications, P.O. Box 1468, Springfield, Ill. 62703.

WANT TO SELL YOUR HOUSE IN A HURRY? — Reprint from Readers Digest

HERE ARE FIVE THINGS YOU CAN DO TO expedite your sale, and, hopefully, come out on top:

1. **GET EXPERT HELP.** Selling a house in today's highly competitive market is no do-it-yourself exercise. Your first step should be to place your house with a reliable REALTOR and give him an "exclusive" for 30 to 90 days. That will give him extra incentive. Make sure your REALTOR puts up a "FOR SALE" sign.
2. **Why is a REALTOR?** Many owners inquire, "I can sell it myself and save the five or six-percent commission."
3. **IT'S NOT THAT SIMPLE.** For one thing, the typical buyer will expect you to knock off the commission for his benefit. And there are other do-it-yourself pitfalls. Are you familiar with the current real-estate market and able to price your home properly? Are you prepared for curiously tendered "lowball" offers? Do you have the time and ability to negotiate and bargain? Can you handle the intricacies of financing?
4. **A BONA FIDE REALTOR** will screen your prospects and give you the house maximum exposure; he's familiar with market conditions, zoning and financing; and finally he's usually able to command enough more for your house to pay the commission and then some.

SELECT THE REALTOR with the best combination of aggressiveness, integrity and know-how to do the job. Make sure your man is a REALTOR, a term registered with the U.S. Patent Office. A REALTOR is a member of the NATIONAL ASSOCIATION OF REALTORS, and—very importantly to you—subscribes to a nationally recognized Code of Ethics.

2. **PRICE IT RIGHT.** This is a fundamental that REALTORS stress. The value of your house is not a hunch, a hunch, or the buyer's whim. It is determined solely by its location, the neighborhood and the current market. So, first, you must get in line with the market.

3. **MEANS REALISTIC APPRAISAL.** A capable Realtor can bring in his own salesmen who will price your house, and then reach a fair consensus. If, after a few weeks, your home remains unsold, you should consider reapplying. After an overvalued house has remained on the market for months, it becomes almost impossible to sell. Salesmen lose their enthusiasm, and prospects wonder what's wrong with the house.

4. **PRICING A HOUSE RIGHT** means pricing it on the neighborhood scale. If possible your price should also include curtains, draperies, built-ins. It's a better "package" deal and may hasten the sale.

SEVENTH BIRTHDAY

Dava Lynn Gibson, a daughter of Mr. and Mrs. Dave Gibson, 2450 Delmar avenue, celebrated her seventh birthday with scout friends and classmates at a party given by her parents in their home Sunday afternoon. A niece, Miss Maryceina Robertson, assisted with the festivities.

A stone age theme with the Flintstone family was used in the table appointments. The centerpiece was a pink decorated cake inscribed with the birthday greeting.

The honored guest, a second grade student at Nidringhaus school and a member of Brownie Troop 47, received many gifts. Games were played and prizes were awarded to the winners.

A dessert luncheon of cake, ice cream and a beverage was served to the honoree, her brother, Greg, and Diane, Jeanne Jackson, Julie and Mitzi Daniel, Leslie Stanfill, Dorothy Popma, Stephen and Mary Brandt, Laura, Carleen and Becky Robertson, Lisa and Kathy Boyer, Linda Hager, Marti Greer and Phil Popma.

PLAN FOR MARSHALL

PTA SESSION DEC. 16

The Marshall school PTA executive board held its December meeting at the school Monday evening with the discussion of the Dec. 16 PTA business meeting led by the president, Melford Dutton. Plans were made for annual events to be held in 1970.

Other officers present were Miss Joyce Lindsey, Mrs. Eula Davis, Mrs. Verna Kidman, Mrs. Marilyn Smith, Mrs. Roberta Werner, Mrs. Beverly Numa, Bill Schreiber, Cheryl Clinard, Mrs. Ann Osburn and the principal, Miss Mary Hopkins. Mrs. Werner was appointed to make arrangements for the annual school picnic reservations.

A proposed budget will be presented to the PTA unit at the 7:30 p.m. Dec. 16 meeting. Guest speaker for the evening, Fred Stille, will talk on the education system in Alaska. Brownie Troop 140, led by Mrs. Smith and Mrs. Charlotte Fuller, will open the monthly session with a flag ceremony.

Refreshments will be served in the school cafeteria by fifth and sixth grade room mothers.

CADETTE YULE PROJECT

Cadet Troop 26 of Neighborhood Three held a weekly meeting in the home of the leader, Mrs. Vivian Davis, 2529 Dogwood drive, Monday evening and discussed plans to take candy-filled Santa jars to youth cottages at the Alton State Hospital next week.

The Flower Power patrol conducted the opening flag ceremony with the pledge of allegiance and scout promise. Mary Elna Earls gave a Christmas reading.

The Cadettes made plans for a Christmas party at a gift exchange in the leader's home Dec. 19 from 7 to 10 p.m. They also will go caroling.

The troop will perform in the coming "festival of giving" program to which parents are invited to attend. The remainder of the meeting was spent practicing Christmas songs. The Flower Power patrol closed the session with the singing of "Taps."

Participants were Rita Ann Ahlers, Renee Chenover, Kay Coberly, Mary Earls, Susan Davis, Vickie Edwards, Kathy and Karen Evans, Rhonda Foret, Mary Beth Hillmer, Carol Jacobson, Susan Kelly, Karen Lee, Linda Lickenbrock, Elaine Lockhart, Jeanne Melancon, Vickie Pulley, Cheryl Schas, Geana Straelker and Kay Watkins.

Volunteer Solicitors for the Benevolent Blind Service Inc. who will be canvassing the local residential area and business places seeking contributions and usable toys, to be used for the Christmas Program, providing gifts for the needy.

The Benevolent Blind Service, Inc., an agency that has provided special services for sightless residents in Madison and St. Clair counties for the past 23 years, will again honor one person who has made outstanding improvement through therapy during the past year.

John Kallop, who resides in the DeSlieds Housing Project in East St. Louis with his mother, brother and three sisters, will receive the Achievement Award this month from the Blind Service.

He is 39 years old and has been blind, deaf and mute since birth and has had problems communicating with anyone other than his mother. With the assistance and training of a special technician, provided by the Benevolent Blind Service, he has been taught touch therapy.

Kallop made such a great improvement in communicating with others the case had been documented by Robert Willey and Arthur Relford, representatives of the Illinois Public Aid Service, who assisted the Society in selecting their award winner.

Along with the award the family will receive food, gifts and Christmas dinners provided by the Blind Service the week

Personal Tax Can Be Killed by 1970 Vote

Most Illinois families will not be paying a personal property tax after 1970 and the voters will have an opportunity to end the unpopular tax for all when they ballot on a constitutional amendment at the November general election next year, State Sen. Merrill Otwein (R-Edwardsville) pointed out yesterday.

The personal property tax legislation was adopted during the 1969 session of the General Assembly and exempts one household of furnishings and one car in each family, effective with the 1970 property assessment, Otwein noted.

He said most observers agree the legislature would have killed the entire personal property tax if they had the power to do so, but the tax is included in the state constitution and the General Assembly is not empowered to amend it.

Attempts Tackle, Hurt

John Carpenter, 17, of 226 Briarcliff, was injured when he was playing football with other youths in a field behind Briarcliff. It was reported at 4:20 p.m. Tuesday. While attempting to tackle his brother, Will, he cut his left knee on a broken bottle protruding from the ground. He was given medical aid at the Granite City Army Depot.

Marketing Session

Tony Vesel Jr. of Nameoki-Murdock Beer Distributors, Inc., 2165 Amos avenue, attended Miller Brewing Co. regional marketing meeting this month at Miller's corporate headquarters in Milwaukee, Wis.

Other tax reforms on the ballot in 1970, Illinois voters are assured an opportunity to end the state constitution and the General Assembly is not empowered to amend it.

Attempted Shoplifting Reported at Market

Three women attempted to shoplift \$5 worth of bags of candy and Christmas decorations from the A & P market, 20th street and Madison avenue, it was reported at 12:30 p.m. Tuesday.

Police were told they proceeded to lead up and then started out the door when they

dropped the merchandise. Two jumped into a green auto containing no license and driven by a man who fled. The third woman ran from the scene.
